1. COMES NOW, Petitioner, Allan Petersen, in pro-se, without the assistance of a trained professional attorney, citing Haines v. Kerner, 404 US 519, 30 L.Ed.2d 652, 292 S.Ct. 594 (1972), moving this Honorable Court for the issuance of a Writ of Habeas Corpus to order the Respondent to recalculate his release date to a CCC placement according to the New Program Statement 5100.08, which is, in accordance with Title 18 U.S.C. § 3621(b).

"The Bureau's classification, designation and redesignation procedures are consistent with the statutory authority contained in 18 U.S.C. § 3621(b)."Id.

JURISDICTION

2. Habeas Corpus relief is available to challenge the duration of a prisoner's sentence; alleged error in good conduct time; prison conditions; and it must be filed in the same district. See: Brown v. McFadden, 416 F.3d 1271 (11th Cir. 2005); Fults v. Sanders, 442 F.3d 1088 (8th Cir. 2006); Woodall v. Fed. Bureau of Prisons, 432 F.3d 235 (3d Cir. 2005), and Padilla, 542 US 426, 447, 124(2004)("Whenever a § 2241 habeas petitioner seeks to challenge his present physical custody within the United States, he should name his Warden as respondent and file in the district of confinement.").

"Writs of habeas corpus may be granted by the Supreme Court, any justice thereof, the district courts and any circuit judge within their respective jurisdictions. The order of a circuit judge shall be entered in the records of the district court of the district wherein the restraint complained of is had. (c) The writ of habeas corpus shall not extend to a prisoner unless— (2) He is in custody for an act done or omitted in pursuance of an Act of Congress, or an order, process, judgment or decree of a court or judge of the United States; or (3) He is in custody in violation of the Constitution or laws or treaties of the United States..."Id.

Title 28 U.S.C. § 2241(c)(2)(3).

HISTORY OF CASE

3. Petitioner was convicted in the District Court of St. Thomas, Virgin Islands on **December 7, 1995**, and was immediately placed in federal custody in the Bureau of Prisons on the Island of Puerto Rico at MDC Guyanabo, for a alleged drug conspiracy offense against the United States after trial.

4. Petitioner was sentenced on **July 1, 1996**, in the District Court of St. Thomas, Virgin Islands, to **188 months of imprisonment, and 5 years supervised release**.

5. On **February 17, 1995 to February 22, 1995**, Petitioner was first arrested and placed in federal detention on the Island of Puerto Rico, at FDC Guyanabo, which is credited towards his sentence, as well as, from **December 7, 1995 to June 30, 1996**.

6. The Bureau of Prisons' computation of Petitioner's sentence began futuristically on **July 01, 1996**, when he was sentenced in the district court, which is, estimated at **213 days AFTER PLAINTIFF WAS INCARCERATED**. Since Petitioner's incarceration on **December 7, 1995**, he has remained incarcerated.

**EXHAUSTION OF
ADMINISTRATIVE REMEDIES**

7. Petitioner exhausted the Bureau's Administrative Remedy on this issue, which is attached. **See: Attachment A/Full exhaustion.**

ARGUMENT/CLAIM

**WHETHER BOP PROGRAM STATEMENT 5100.08 ON MONTHS
TO RELEASE, AUTHORIZES STAFF TO CALCULATE PETITIONER'S
RELEASE DATE TO APRIL 1, 2009, AND HIS SIX MONTHS PLACEMENT
TO A COMMUNITY CORRECTIONS CENTER IN OCTOBER OF 2008?**

8. Answer: Yes.

On September 12, 2006, the BOP instituted a new Program Statement 5100.08, which directs staff on the calculation of a prisoner's expected term on which he is to be incarcerated, and also release to a Community Correction Center from his incarceration. The language states:

MONTHS TO RELEASE

"This item reflects the estimated number of months the inmate is expected to be incarcerated. Consecutive federal sentences will be added together for classification purposes. Federal sentences may have different beginning dates, based on the judgment Order. There may even be a computation in SENTRY with a beginning date in the future. Based on the inmate's sentence(s), enter the total number of months remaining, less 15% (for sentences over 12 months), and credit for any jail time served. This item is not figured into the security point total but impacts the Sentence Length Public Safety Factor.

Example: An adult convicted of Breaking and Entering under the Sentence Reform Act is sentenced to eight years. The expected length of incarceration is (96 months x 85% = 81.6 months). Round to the nearest whole number to get 82 and subtract any jail time credit (180 days) = 76 months to release." Id.

See: Attachment B, PS 5100.08 at Chapter 4, page 6.

Thus, the BOP's Program Statement 5100.08, explains and directs staff in details and by an example, the expected months a inmate is expected to be incarcerated, as well as, his or her months to be release from incarceration timely to a CCC placement as authorized by 18 USC § 3624(c) and 3621(b).

9. The Bureau of Prisons' calculation in accordance to Program Statement 5100.08, which is consistent with Title 18 U.S.C. § 3621(b), on Months to release with Petitioner's sentence imposed as demonstrated by the example is as follows:

PS 5100.08 CALCULATION ON MONTHS TO RELEASE

1. Petitioner convicted under the Sentencing Reform Act to the offense of 841(a)(1) Conspiracy, and sentenced to 188 months of imprisonment. 15 years and eight months.
 2. The expected length of incarceration is $(188 \text{ months} \times 85\% = 159.8 \text{ months})$.
 3. Round to the nearest whole number to get 160 months, and subtract any jail time credit (213 days) = 153 months to release.
-

One hundred and fifty-three months (153) is equivalent to 12 years and 9 months. 12 years and 9 months beginning from the date Petitioner was sentenced on July 1, 1996, (when the BOP began computation) ends at **APRIL 1, 2009**.

April 1, 2009, subtract 7 days = April 8, 2009. Six months placement to a Community Correction Center pursuant to 18 USC § 3621(b) and 3624(c) would begin eligibility on **October 8, 2008**. However, the BOP has projected a different date for release at July 30, 2009. **See: Attachment C**. Which means a six month placement to a CCC would begin January 30, 2009, depriving Petitioner's Rights.

10. Program Statement 5100.08 extends the sentence of imprisonment by a month, or days when rounded to the nearest whole number at a higher level. Therefore, its accuracy is credible down to days as will be proven in another way.

11. Adding 7 days of credit when Petitioner was arrested, to when he was imprisoned on December 7, 1995, begins his imprisonment period with credit from November 30, 1995. $159.8 \text{ months} = 13 \text{ years}, 3 \text{ months and } 24 \text{ days}$ calculated: from November 30, 1996, forward is as follows:

159.8 months = 13 years, 3 months and 24 days. 13 years and 3 months and 24 days from November 30, 1995:

ACCURATE SENTENCE IMPRISONMENT COMPUTATION

start date	end date	years/months	credit earned
11.30.1995	11.30.1996	1	54
11.30.1996	11.30.1997	2	54
11.30.1997	11.30.1998	3	54
11.30.1998	11.30.1999	4	54
11.30.1999	11.30.2000	5	54
11.30.2000	11.30.2001	6	54
11.30.2001	11.30.2002	7	54
11.30.2002	11.30.2003	8	54
11.30.2003	11.30.2004	9	54
11.30.2004	11.30.2005	10	54
11.30.2005	11.30.2006	11	54
11.30.2006	11.30.2007	12	47
11.30.2007	11.30.2008	13	54
11.30.2008	03.01.2009	3 months	35
03.01.2009	03.25.2009	24 days	

12. Based upon the Bureau of Prisons' Program Statement 5100.08 calculation and Petitioner's straight-forward calculation of his imprisonment time shown above, demonstrated with accuracy that the Bureau's projected date of release dated July 24, 2009, is, highly in error and inaccurate which subjects Petitioner to several additional months in prison. The additional time in prison which the Bureau of Prisons' is subjecting Petitioner to do is prejudicial and violates his due process Rights under the Constitution.

13. In Woodall, supra, the Third Circuit Court of Appeals held:

"The criteria for determining CCC placement are instrumental in determining how a sentence will be 'executed.' CCCs and similar facilities, unlike other forms of incarceration, are part of the phase of the corrections process focused on reintegrating an inmate into society. The relevant statute specifically provides that a prisoner should be placed in a CCC or similar institution at the end of a prison sentence to 'afford the prisoner a reasonable opportunity to adjust to and prepare for ... reentry into the community.' 18 U.S.C. § 3624."Id.

Woodall, 432 F.3d at 243.

Program Statement 5100.08 objectives are as follows:

- a. Each inmate will be placed in a facility commensurate with their security and program needs through an objective and consistent system of classification which also allows staff to exercise their professional judgement; and,
- b. Staff will systematically and objectively review an inmate's classification making the environment in which they are housed safer for both inmates and staff while protecting the public from undue risk.

PURPOSE AND SCOPE:

This Program Statement provides policy and procedure regarding the Bureau of Prisons inmate classification system. The classification of inmates is necessary to place each inmate in the most appropriate security level institution that also meets their program needs and is consistent with the Bureau's mission to protect society. Id.

See: Attachment B, PS 5100.08.

Based upon the evidence provided above, Petitioner's placement in a Community Corrections Center for a (6) months period begins October 1, 2008, pursuant to Program Statement 5100.08 and 18 USC § 3624(c):

"The Bureau of Prisons shall, to the extent practicable, assure that a prisoner serving a term of imprisonment spends a reasonable part, not to exceed six months, of the last 10 per centum of the term to be served under conditions that will afford the prisoner a reasonable opportunity to adjust to and prepare for the prisoner's re-entry into the community. The authority provided by this subsection may be used to place a prisoner in home confinement."Id.

18 USC § 3624(c).

14. October 1, 2008, is six (6) months prior to Petitioner's release date of April 1, 2009, as demonstrated under Program Statement 5100.08's calculation. As such, Petitioner is deprived of receiving six (6) months to a Community Corrections Center under the Bureau of Prisons' new February 2005 regulations governing the placement of inmates in CCCs, which violates the APA for failing to consider the factors Congress specifically identified as relevant in 18 USC § 3612(b). See: *Woodall v. Fed. Bureau of Prisons*, 432 F.3d 235, 237 (3rd Cir. 2005); *Fults v. Sanders*, 442 F.3d 1088, 1092 (8th Cir. 2006); *Levine v. Apker*, 455 F.3d 71, 87 (2d Cir. 2006). See also *Elwood v. Jeter*, 386 F.3d 842 (8th Cir. 2004).

In *Fults v. Sanders*, *supra*, the Eight Circuit held:

"Almost two years ago, this same panel entertained a challenge to the temporal limitations of 18 U.S.C. § 3624(c). See *Elwood v. Jeter*, 386 F.3d 842 (8th Cir. 2004). The majority in *Elwood* interpreted 18 USC §§ 3621(b) and 3624(c), and held the Bureau of Prisons (BOP) has discretion to transfer a prisoner to a community confinement center (CCC) at any time during a prisoner's incarceration, notwithstanding section 3624(c)'s express six-month limitation for such confinements. *Id.* at 847." *Id.*

***Fults v. Sanders*, 442 F.3d at 1093.**

15. The Bureau of Prisons' estimated wrongfully that Petitioner's six months to be release to a halfway house or CCC placement is January 30, 2009, which is, six months prior to July 30, 2009, in error according to Program Statement 5100.08. See: **Attachment D.**

16. The Bureau of Prisons' have stated in regards to Program Statement 5100.08, that it provides direction for estimating the time remaining to serve for designation purposes, which gives a approximation of a prisoner's release date. See: **Attachment E.** The fact that program statement 5100.08, on Months to Release gives directions and a example on determining the time a prisoner should be incarcerated, and release for designation purposes to a CCC,

as procedures consistent with Title 18 U.S.C. § 3621(b), mandates that they should be executed and followed:

"The Bureau's classification, designation and redesignation procedures are consistent with the statutory authority contained in 18 U.S.C. § 3621(b). All classification, designation and redesignation decisions are made without favoritism given to an inmate's social or economic status."Id.

PS 5100.08, Attachment B, page 1.

CONCLUSION

WHEREFORE, Petitioner, Allan A. Petersen, prays this Honorable Court would grant the Writ of habeas corpus, and direct the Bureau of Prisons to recalculate Petitioner's release date to a Community Confinement Center, or Home Confinement pursuant to Program Statement 5100.08 and 18 USC § 3621(b) for October 8, 2008, respectfully, which is, consistent with BOP policy.

Respectfully submitted this 13th day of January 2008.

 INFORMAL RESOLUTION FORM

Bureau of Prisons Program Statement 1330.13, Administrative Remedy Procedures for Inmates, states that before the inmate seeks formal review of a complaint, he must try to resolve the complaint informally before the inmate will be given an Administrative Remedy Form. The informal resolution process should be completed within three (3) workdays.

INMATE'S NAME: Allan Petersen REG. NO. 03533-094 UNIT: BYRD

1. Specific Complaint: My Statutory Projected Release Date: 07-24-2009, which is in SENIRY, is incorrect and should be changed to 08-29-2008. This error happened because SENIRY has a me with a beginning date of my sentence at: 07-01-1996, when in fact my term of imprisonment began on 11-29-1995, providing me with a Jail Credit Time of 213 days. 85% of 188 Months = 159.8 Months rounded to 160 Months = 13 years and 4 months. Then Subtract 213 days (Jail Credit) from 160 Months = 153 Months = 12 years and 9 months. 153 Months beginning from 11-29-1995
~~XXXXXXXXXXXXXXXXXXXX~~ Gives a Satisfactory Projected Release date of August 29, 2008.

2. Relief Requested: Have my Satisfactory Projected Release date changed from 07-24-2009 to 08-29-2008. I received a copy of my Computation sheet from Carcano on 10-03-2006 and noticed this problem then with my sentence.

DOCUMENTATION OF INFORMAL RESOLUTION ATTEMPT

This is in response to your Informal Resolution Attempt dated October 16, 2006, in which you are requesting the calculation of your federal sentence be changed.

An investigation into your complaint revealed that in accordance to Title 18 Section 3624(b), which states in pertinent part:

...a prisoner who is serving a term of imprisonment of more than one year, other than a term of imprisonment for the duration of the prisoner's life, may receive credit toward the service of the prisoner's sentence, beyond the time served, of up to 54 days at the end of each year of the prisoner's term of imprisonment, beginning at the end of the first year of the term. ...credit for the last year or portion of a year of the term of imprisonment shall be prorated and credited within the last six weeks of the sentence.

The Bureau has implemented the language of 3624(b) by promulgation of policy based on Title 28 CFR 523.20 and Program Statement 5880.28, Sentence Computation Manual - CCCA of 1984. The Bureau has interpreted Section 3624(b) to permit the Bureau to award good conduct time only for the time actually served rather than on the time imposed. This interpretation has been upheld in two judicial circuits.

Recently the Bureau was ordered to recalculate good conduct time for a particular inmate in a different district. However, the court did not invalidate Bureau policy, and the policy remains in effect. Your sentence will not be re-computed at this time.

Based on the above findings, I can find no basis for further administrative action. Relief is denied. You may continue to follow the Administrative Remedy through your Unit Team.

Part A- INMATE REQUEST The Response of the Informal Resolution does not correctly address the claim raised for relief, since it is based upon previous facts and policy and not those of recent, which is supported by the BOP. In prior cases, the law was read as "unambiguous" towards the calculation of a inmate sentence concerning the 54-days as to whether it was added towards the end of the year, or for every year of a inmate's sentence imposed. The BOP had never presented any documentation on how that time should be calculated until recently in the policy: [PS 5100.08, dated 09.12.2006, Chapter 4, page 6.]. In accordance with this policy of the BOP, my sentence is calculated incorrectly and should be corrected. Under the Privacy Act, Title 5 USC § 552(a), as long as the information for the issue or claim is verified and contained in the files of the BOP, this department [MUST] take reasonable steps to maintain the accuracy of that information and assure fairness to that inmate's claim. See: *Sellers v. Bureau of Prison* 959 F.2d 307 (DC. Cir. 1992); and BOP Operations Memorandum (068-93 (5820) dated March 15, 1993). Thus, in accordance with [PS 5100.08, dated 09.12.2006] My sentence of 188 months is to be multiplied by 85% which gives me 159.8 months rounded to 160 months = 13 years and 4 months. This is the time to be served in prison as Maximum, for 85% according to Congress' intent. Sentry's beginning date of: [July 1, 1996] gives a projected Release date of [November 1, 2009] for 13 years and 4 months. Subtract 7-months [213-days Jail Credit] = [April 1, 2009] as the satisfactory projected release date. 10% Six-months date = [October 1, 2008]. My relief should a Eight-Amendment Right be violated by extant time served in prison is 110 million dollars in monetary damages. PS 5100.08 is BOP rule.

Attachment A**REQUEST FOR ADMINISTRATIVE REMEDY
ADMINISTRATIVE REMEDY #431611-FI**

This is in response to your Request for Administrative Remedy received on October 26, 2006, wherein you allege your Good Conduct Time is not accurately computed according to PS 5100.08, Security Designation and Custody Classification Manual, dated September 12, 2006. As a remedy, you are requesting your sentence computation be calculated correctly and ¹⁰² \$110 million dollars in monetary damages.

In investigating this matter we have found that Program Statement 5100.08, Security Designation and Custody Classification Manual, dated September 12, 2006, is not used to compute the Good Conduct Time on your sentence. It is used to determine their custody and security requirements. In referencing Program Statement 5880.28, Sentence Computation Manual (CCCA of 1984), dated July 19, 1999, page 1-40, states in part, Subsection 3624(b) states, "(b) Credit toward service of sentence for satisfactory behavior.-- A prisoner who is serving a term of imprisonment of more than one year, other than a term of imprisonment for the duration of his life, shall receive credit toward the service of his sentence, beyond the time served, of fifty-four days at the end of each year of his term of imprisonment, beginning at the end of the first year of the term, unless the Bureau of Prisons determines that, during that year, he has not satisfactorily complied with such institutional disciplinary regulations as have been approved by the Attorney General and issued to the prisoner." Therefore, your Good Conduct Time has been accurately computed as there has not been a change in policy.

A request for monetary compensation should be submitted via a Tort Claim (28 CFR 543, subpart C). You may obtain this form from your Unit Team.

Therefore, based on the information presented, your request has been denied.

If dissatisfied with this response, you may appeal to the Mid-Atlantic Regional Director, Federal Bureau of Prisons, Junction Business Park, 10010 Junction Drive, Suite 100-N, Annapolis Junction, Maryland 20701. Your appeal must be received in the Regional Office within 20 days of the date of this response.

 LAST NAME, FIRST, MIDDLE INITIAL REG. NO. UNIT INSTITUTION

Part A - REASON FOR APPEAL The Warden's response Addresses 54-days good conduct time, which is not the issue presented. The issue presented is that my sentence computation for my redesignation to a Community Correction Center (CCC) for my release date [SHOULD BE] calculated in accordance with BOP Policy statement 5100.08, since it provides direction for estimating the time remaining to serve for designation purposes with my release date. In accordance with PS 5100.08 on Months to release, [Which is the BOP POLICY] my release date for redesignation to a halfway house or home confinement would be within the months of September-October 2008. Whereas, the BOP has incorrectly in SENTRY has that date to happen around January-February of 2009, which is not according to PS 5100.08, dated 09/12/06, at Chapter 4, page 6. The BOP is a Government agency which must follow its own policy and rules: U.S. v. Heffner, 420 F.2d 809, 811 (4th Cir. 1969); Ameira v. Corp., v. Veneman, 347 F.Supp.2d 225, 226 (M.D.N.C. 2004); Sellers v. Bureau of Prisons, 959 F.2d 307 (D.C.Cir. 1992). Moreover, I have a RIGHT to equal treatment in the BOP and staff: Andray White in his response date 10.17.06, indicated that the BOP was ORDERED to recalculate good time for a particular inmate in a different district in accordance with 5100.08. That Right to Equal Treatment is protected by the Constitution for every prisoner incarcerated: Cleburne v. Cleburne Living Center Inc., 473 U.S. 432, 439 (1985); Plyler v. Doe, 457 U.S. 202, 216 (1982); Price v. Block, 535 F.Supp. 1239 (1982); Weinberger v. wiensenfeld, 420 U.S. 636, 638n.2 (1975); and Inacom Comm., 106 F.3d 1146, 1156 (4th Cir. 1997). In addition, District Courts would not require a man to serve underserved years in prison: Ford, 88 F.3d 1350, (4th Cir. 1996); Martin v. Willingham, 430 F.Supp. 2d 82 (D.Conn. 2006). My designation date should be change to a CCC in September-October 2008 in accordance: 5100.08.

Remedy ID No.: 431611-R1

You are appealing the Warden's response to your Administrative Remedy. You request that your sentence computation be re-calculated in accordance with Bureau of Prisons Program Statement 5100.08.

A review of this matter reveals that you were sentenced to 188 months on July 1, 1996, in United States District Court for the District of the Virgin Islands. Your sentence is computed in accordance with Bureau of Prisons Program Statement 5880.28, Sentence Computation Manual (CCCA of 1984). Page 1 - 4 of this program statement refers to Title 18, U.S.C. 3621 which requires the Bureau of Prisons to provide the custody and to determine the place of imprisonment for all sentenced federal prisoners. Subsection (a) of Section 3621 states that a person who has been sentenced to a term of imprisonment shall be committed to the custody of the Bureau of Prisons until the expiration of the term imposed, or until earlier released for satisfactory behavior pursuant to the provision of Title 18, U.S.C. § 3624. Title 18, U.S.C. § 3624(b) directs that a prisoner who is serving a term of imprisonment of more than one year, other than a term of imprisonment for the duration of his life, shall receive credit toward the service of his sentence, beyond the time served, of 54 days at the end of year served.

A review of your sentence computation reveals that your sentence has been calculated in accordance with Bureau of Prisons policy and federal statute.

Your appeal of the Warden's response is denied. If you are dissatisfied with this response, you may appeal to the General Counsel, Federal Bureau of Prisons, 320 First Street, N.W., Washington, D.C. 20534. Your appeal must be received in the General Counsel's Office within 30 days from the date of this response.

Part A—REASON FOR APPEAL

The Regional Response did not address the issue with the BP-Program Statement 5100.08, dated 09.12.2006, which provides direction for estimating the time remaining to serve for designation purposes to a CCC placement at a halfway house, or home confinement, which should be done six months prior to my end date as calculated in this Remedy. Only 85% percent of a federal sentence is to be served in prison, and six months prior to that date, is the date 03.29.07 of designation and release to a CCC program.

Administrative Remedy No. 431611-A1
Part B - Response

This is in response to your Central Office Administrative Remedy Appeal in which you allege staff calculated your projected release date erroneously. You request recalculation of your sentence to reflect a date of release which is based on the provisions of Program Statement 5100.08, Inmate Security Designation and Custody Classification, Chapter 4, page 6. Specifically, you believe your release date should be 85% of your 188-month term of imprisonment.

The procedure outlined in Chapter 4 of Program Statement 5100.08, pertaining to "Months to Release" is not the procedure used to determine release dates. You apparently believe you should only serve in prison 85% of the sentence imposed. This section of Program Statement 5100.08 provides staff guidance on calculating the estimated number of months an inmate is expected to serve at the time of initial designation, and pertains to security and classification issues, not the calculation of release dates.

The methods for determining your exact and lawful release are explicitly delineated in Program Statement 5880.28, Sentence Computation Manual (CCCA). The statutory requirement, found in 18 USC § 3624(b), permits CCCA sentences to be adjusted with 54 days of good conduct time (GCT) for each year served, with the final partial year prorated. Excluding disallowances imposed by the Discipline Hearing Officer (DHO) for misconduct, the time an inmate generally will serve is 85% of the sentence imposed.

You are currently scheduled to release from custody, via Good Conduct Time (GCT) Release, on July 30, 2009. This date is based on a 188-month sentence which commenced July 1, 1996. Credit for 213 days of prior custody was applied. You were disallowed 7 days of GCT on October 19, 2006, reducing the projected total of GCT deductions from 737 days to 731. We find your federal sentence has been executed in accordance with applicable federal statutes and Bureau program statements.

We therefore concur with the responses provided. Accordingly, your appeal is denied.

Classification

1. **PURPOSE AND SCOPE.** This Program Statement provides policy and procedure regarding the Bureau of Prisons inmate classification system. The classification of inmates is necessary to place each inmate in the most appropriate security level institution that also meets their program needs and is consistent with the Bureau's mission to protect society.

The Bureau's classification, designation and redesignation procedures are consistent with the statutory authority contained in 18 U.S.C. § 3621(b). All classification, designation and redesignation decisions are made without favoritism given to an inmate's social or economic status.

2. **PROGRAM OBJECTIVES.** The expected results of this Program Statement are:

a. Each inmate will be placed in a facility commensurate with their security and program needs through an objective and consistent system of classification which also allows staff to exercise their professional judgement; and,

b. Staff will systematically and objectively review an inmate's classification making the environment in which they are housed safer for both inmates and staff while protecting the public from undue risk.

3. **SUMMARY OF CHANGES.** This revision incorporates Executive Staff decisions 03-04-05 and 99-03-03, as well as other procedural changes such as the movement of most designation/redesignation functions (04-08-17) to the Designation and Sentence Computation Center (DSCC), Grand Prairie, Texas.

6. **ACTION.** All inmate classification decisions and related actions will be made in accordance with the procedures in this Program Statement and are effective immediately. Implementation for each inmate shall occur in accordance with his or her next regularly scheduled custody review. Those cases that have a security level increase as a direct result of the initial implementation of this policy will not ordinarily be transferred to a higher security facility. Bureau institutions may submit lists of these inmates to the DSCC in lieu of a Request for Management Variable for application of an appropriate Management Variable.

In accordance with the procedures set forth in this manual, a Transfer Request/Application of Management Variable must be submitted to the DSCC for those cases that have a security level decrease, for transfer to a lesser security level facility or application of an appropriate Management Variable.

This Program Statement authorizes the continuation of the Bureau's Inmate Classification Workgroup under the direction of the Assistant Director, Correctional Programs Division or his/her designee. The Assistant Director (CPD) will select and replace workgroup members, on an as-needed basis, with subject matter experts in inmate classification and related disciplines who represent institutions, Regional Offices and the Central Office.

The Inmate Classification Workgroup or its subgroups will meet or video conference at least annually to assess the overall effectiveness of the inmate classification system and report as appropriate their findings and recommendations to the Director and the agency's Executive Staff. Consideration may be given to include institutional staff with experience at various security and custody levels.

Chapter 1, Page 1

INTRODUCTION

Bureau of Prisons (BOP) institutions are classified into one of five security levels: **MINIMUM, LOW, MEDIUM, HIGH,** and **ADMINISTRATIVE** based on the level of security and staff supervision the institution is able to provide.

An institution's level of security and staff supervision is based on the following factors:

- mobile patrol;
- towers;
- perimeter barriers;
- detection devices;
- internal security;
- type of inmate housing;
- inmate-to-staff ratio; and,
- any special institutional mission.

Similarly, BOP inmates are classified based on the following factors:

- The level of security and supervision the inmate requires; and,
- The inmate's program needs, i.e., substance abuse, educational/vocational training, individual counseling, group counseling, or medical/mental health treatment, etc.

In summary, the initial assignment (designation) of an inmate to a particular institution is based primarily upon:

- The level of security and supervision the inmate requires;
- The level of security and staff supervision the institution is able to provide; and,
- The inmate's program needs.

Additional factors that are also considered when designating an inmate to a particular institution include, but are not limited to:

- The inmate's release residence;
- The level of overcrowding at an institution;
- Any security, location or program recommendation made by the sentencing court;

P5100.08

9/12/2006

Chapter 1, Page 2

- Any Central Inmate Monitoring issues (see Program Statement Central Inmate Monitoring Program);
- Any additional security measures to ensure the protection of victims/witnesses and the public in general; and,
- Any other factor(s) which may involve the inmate's confinement; the protection of society; and/or the safe and orderly management of a BOP facility.

Initial designations to BOP institutions are initiated, in most cases by staff at the Designation and Sentence Computation Center (DSCC), Grand Prairie, Texas, who assess and enter information from the sentencing court, U.S. Marshals Service, U.S. Attorneys Office or other prosecuting authority and the U.S. Probation Office about the inmate into a computer database (SENTRY). SENTRY then calculates a point score for that inmate which (for example, 18 points) is then matched with a commensurate security level institution.

Security Level	Custody Level	Male	Female
MINIMUM	COMMUNITY and OUT	0-11 points	0-15 points
LOW	OUT and IN	12-15 points	16-30 points
MEDIUM	OUT and IN	16-23 points	*
HIGH	IN and MAXIMUM	24+ points	31+ points
ADMINISTRATIVE	All custody levels	All point totals	All point totals

An inmate's security point score is not the only factor used in determining a commensurate security level for an inmate. The application of a PSF or MGTV could effect placement at either a higher or lower level institution than the specified point total indicates. (SEE CHAPTER 5 FOR MORE DETAILED INFORMATION)

NOTE: A security level cannot be assigned by SENTRY without completing an Inmate Load and Security Designation Form. If an inmate has not been assigned a security level, SENTRY will automatically assign "UNKNOWN" as the security level.

P5100.08

9/12/2006

Chapter 1, Page 3

* Female security level institutions are classified as Minimum, Low, High and Administrative.

Once all necessary information has been entered into the SENTRY database, a DSCC or Medical Designations Officer, (hereafter, Designator) selects an institution for service of sentence based on all the previously mentioned factors.

Redesignations (transfers) from one Bureau institution to another are considered in much the same manner using many of the same factors used at the time of initial designation. In addition, the inmate's institutional adjustment and program performance are also carefully reviewed when redesignation is considered.

Finally, an initial custody level (COMMUNITY, IN, OUT, MAXIMUM) is also assigned to the inmate that is consistent with the institutions mission. (See previous chart). An inmate's custody level within any given security level institution is routinely reviewed and may change for various reasons during the period of incarceration.

Chapter 2, Page 1

DEFINITIONS

ADMINISTRATIVE INSTITUTION. An institution with a special mission, where inmates are assigned based on factors other than security and/or staff supervision (for example, medical/mental health, pretrial and holdover). Administrative institutions are designed to house all security level inmates.

CENTRAL INMATE MONITORING (CIM). The Bureau monitors and controls the transfer, temporary release, and community activities of certain inmates who present special needs for management. Such inmates, known as Central Inmate Monitoring cases, require a higher level of review prior to any movement outside the institution.

CLASSIFICATION. The systematic subdivision of inmates into groups based on their security and program needs.

COMMUNITY CUSTODY. The lowest custody level assigned to an inmate which affords the lowest level of security and staff supervision. An inmate who has **COMMUNITY** custody may be eligible for the least secure housing, including any which is outside the institution's perimeter, may work on outside details with minimal supervision, and may participate in community-based program activities if other eligibility requirements are satisfied.

CONTRACT FACILITY. A state or local prison, institution, facility, jail, or other non-federal enterprise that contracts with the Bureau to house federal inmates (i.e., Community Corrections Center). Contract facilities are contracted and supervised by the CCMs.

CRIMINAL HISTORY POINTS. Criminal History Points are used to calculate the Bureau's Criminal History Score. The Criminal History Points is the calculation, as specified by the U.S. Sentencing Commission Guidelines (Guidelines Manual, Chapter 4), which assigns a numerical value based on the individuals entire criminal record of convictions. Ordinarily, the Criminal History Points are calculated by the United States Probation Office.

CRIMINAL HISTORY SCORE (CHS). The CHS is one of the factors used to calculate the inmate's security point total. The CHS is derived from the Criminal History Points whereby the Criminal History Points fall into one of six categories.

P5100.08

9/12/2006

Chapter 2, Page 2

CURRENT OFFENSE. For classification purposes, the current offense is the most severe documented instant offense behavior regardless of the conviction offense.

CUSTODY CLASSIFICATION. The review process to assign a custody level based on an inmate's criminal history, instant offense, and institutional adjustment. A custody level (i.e., **COMMUNITY**, **OUT**, **IN**, and **MAXIMUM**) dictates the degree of staff supervision required for an individual inmate.

DESIGNATION. An order from the DSCC indicating the initial facility of confinement for an inmate.

DESIGNATION FACILITY (DFCL). Each of the separate missions within an institution for designation purposes. Each DFCL is shown as a separate line on the Population Report and has its own security level and destination (DST) assignment. Designations are made to a DFCL code rather than to a facility (FACL) code.

JUDGMENT. The official court document (e.g., Judgment and Commitment Order or Judgment in a Criminal Case) which is signed by the Judge. The Judgment contains the offense(s) for which the court imposes its sentence, which ordinarily includes a financial, confinement and supervision obligation.

HISTORY. The inmate's entire background of criminal convictions (excluding the current offense) and institutional disciplinary findings used to assess points related to his/her history of violence and/or history of escape.

IN CUSTODY. The second highest custody level assigned to an inmate which requires the second highest level of security and staff supervision. An inmate who has **IN** custody is assigned to regular quarters and is eligible for all regular work assignments and activities under a normal level of supervision. Inmates with **IN** custody are not eligible for work details or programs outside the institution's secure perimeter.

LEGAL RESIDENCE. The inmate's local and state address as reported by the United States Probation Office at the time of conviction.

LONG-TERM DETAINEE. A non-U.S. citizen (alien) who has:

- finished serving a local, state, or federal sentence;
- completed immigration proceedings that have resulted in an order of deportation, exclusion, or other means of

P5100.08

9/12/2006

Chapter 2, Page 3

removal by either the Executive Office for Immigration Review (EOIR), or the Bureau of Immigration and Customs Enforcement (ICE), formerly the Immigration and Naturalization Service (INS); and,

- cannot be removed from the country for various reasons.

MANAGEMENT SECURITY LEVEL (MSL). Management Security Level is the security level assigned by the DSCC Administrator or designee to an inmate upon application of any of the following Management Variables:

- PSF Waived;
- Greater Security; and,
- Lesser Security.

Based on these Management Variables, the Management Security Level will normally be one security level greater or lesser than the scored security level.

MANAGEMENT VARIABLE. A Management Variable (MGTVs) reflects and supports the professional judgment of Bureau staff to ensure the inmate's placement in the most appropriate level institution. A Management Variable(s) is required when placement has been made and/or maintained at an institution level inconsistent with the inmate's security score – a score which may not completely/accurately reflect his or her security needs.

MAXIMUM CUSTODY. The highest custody level assigned to an inmate requiring the highest level of security and staff supervision. An inmate with **MAXIMUM** custody requires ultimate control and supervision. This classification is for individuals who, by their behavior, have been identified as assaultive, predacious, riotous, serious escape risks, or seriously disruptive to the orderly running of an institution. Accordingly, quarters and work assignments are assigned to ensure maximum control and supervision. A custody change to or from **MAXIMUM** custody must be justified thoroughly on the BP-338 form and maintained permanently in the Inmate Central File.

MISDEMEANANT. An inmate convicted of an offense for which the maximum penalty is one year or less. Such inmates may not be transferred to a High security institution without first signing a waiver. 18 U.S.C. § 4083 prohibits placement of such inmates in "penitentiaries" without their consent; however, the Bureau broadens that prohibition to include any High security institution. A sample of the waiver is provided in Appendix B.

P5100.08

9/12/2006

Chapter 2, Page 4

OUT CUSTODY. The second lowest custody level assigned to an inmate requiring the second lowest level of security and staff supervision. An inmate who has **OUT** custody may be assigned to less secure housing and may be eligible for work details outside the institution's secure perimeter with a minimum of two-hour intermittent staff supervision.

PAROLE, MANDATORY RELEASE, OR SPECIAL PAROLE TERM VIOLATOR.

Violators are inmates who were released from Bureau custody to the supervision of a D.C. or U.S. Probation Officer (USPO) and have violated the conditions of their release. These violators are returned to Bureau custody and are required to have a parole hearing within certain time limits. The purpose of this is to provide the inmate with an in-person hearing before the U.S. Parole Commission (USPC) to determine if the inmate has violated the conditions of parole, mandatory release, or special parole. Therefore it is necessary to temporarily place these individuals at parolable institutions in order to conduct parole hearings.

PRIVATIZED FACILITY. A prison, institution, or other correctional facility that is operated or supervised by a non-governmental entity. Privatized facilities are managed by private organizations or individuals with oversight provided by Bureau staff.

PUBLIC SAFETY FACTOR. There are certain demonstrated behaviors which require increased security measures to ensure the protection of society. There are nine Public Safety Factors (PSFs) which are applied to inmates who are not appropriate for placement at an institution which would permit inmate access to the community (i.e., MINIMUM security). The application of a PSF overrides security point scores to ensure the appropriate security level is assigned to an inmate, based on his or her demonstrated current or prior behavior.

REDESIGNATION. The reassignment of an inmate from one institution to another after initial designation. Unit staff submit a request to the DSCC, and the inmate's case is reviewed for possible transfer. Approval of a redesignation results in an order from DSCC staff indicating a correctional institution to which an inmate is to be transferred. The actual movement of an inmate from one institution or facility to another is referred to as a transfer.

RELEASE RESIDENCE. The verifiable destination to which an inmate realistically plans to reside upon release from Bureau custody. The inmate must provide proof of residence to his or her unit staff. Staff will rely upon the following references to assist in verification: Presentence Investigation Report/USPO

P5100.08

9/12/2006

Chapter 2, Page 5

verification; telephone and visiting lists; and, incoming and outgoing mail.

SECONDARY DESIGNATION. The second part of a two part designation, usually after a temporary designation to receive medical/mental health treatment or to participate in a specific institutional program or parole hearing.

SECURITY LEVEL. Used to describe the structural variables and inmate-to-staff ratio provided at the various types of Bureau institutions (i.e., Minimum, Low, Medium, High). It also identifies the institution type required to house inmates based on their histories, institutional adjustment, and Public Safety Factors as well as the physical security of the institution to include mobile patrols, gun towers, perimeter barriers, housing, detection devices, inmate-to-staff ratio, and internal security.

STATEMENT OF REASONS. The Statement of Reasons (SOR) is an attachment to the criminal judgment (Judgment and Commitment Order; Judgment in a Criminal Case) which indicates the reason for the court's final sentence, and other sentencing related issues (e.g., resolution of disputed issues, changes in scoring, statements of court intent, etc.). It is required in every felony case where the sentencing range exceeds 24 months, or whenever there is a departure from the U.S. Sentencing Guidelines range. The court may complete an SOR even if not required.

STUDY CASE. A study case is an inmate who is committed for a period of study and observation pursuant to 18 U.S.C. §§ 3552(b) or (c)), 4241(b) or (d), 4242(a), 4243(a) or (b), 4244(b), 4245(b), 4246(b), or 4247(b) or (c)). An inmate committed for a study and observation will be referred to the Central Office Medical Designator in the Office of Medical Designations and Transportation (OMDT) for designation to a facility that can complete the study, considering any specific medical or psychiatric issues which should be addressed. The Central Office Medical Designator should attempt to place the inmate in the most suitable facility compatible with the offender's security and custody needs, closest to the court and available resources.

SECURITY DESIGNATION PROCEDURES FOR NEW COMMITMENTS
--

The Designation and Sentence Computation Center will ordinarily complete the initial designation within three working days of receiving all the necessary documentation from the U.S. Marshals Service (USMS) and the U.S. Probation Officer (USPO) which includes the following: the Presentence Investigation Report (PSR), Judgment, Statement of Reasons (SOR), and Central Inmate Monitoring (CIM) documentation (in cases where a CIM assignment is necessary).

The DSCC will refer all requests for initial designation with potential medical/mental health concerns to the Office of Medical Designations and Transfers (OMDT), Health Services Division, Washington, D.C. no later than the following work day.

1. DESIGNATION PROCEDURES

The following is the normal chronology of an initial designation.

- a. The inmate is sentenced.
- b. The Clerk of the Court transmits the Judgment and Commitment Order (old law cases) or Judgment in a Criminal Case (new law cases) to the USMS.
- c. The USMS makes a request to the DSCC advising that the inmate is now ready for designation to a facility.
- d. If it has not already been provided, DSCC staff must contact the necessary officials (USPO or USMS) for the following: two copies of the PSR, a copy of the Judgment, to include the SOR, and the Individual Custody and Detention Report (USM-129).

If the SOR is not provided with the Judgment, DSCC staff will make a reasonable effort to obtain a copy by contacting the Court or USPO. If no SOR was prepared for the case or cannot be obtained, DSCC staff will note this in the "Remarks" section of the BP-337 and proceed with the designation process. These procedures will ensure the Bureau is following the intentions of the Court when designating a facility, as the SOR may contain information which overrides the PSR and may affect scoring decisions.

Based on a review of the data, DSCC staff will determine whether a non-federal facility should be designated. If a PSR has not been prepared, DSCC staff will complete a National Crime

Chapter 3, Page 2

Information Center (NCIC) and National Law Enforcement Telecommunication System (NLETS) criminal history check to obtain background information. DSCC staff will then load appropriate information on the SENTRY Update Security Designation screen with a notation that no PSR was available. DSCC staff will contact the USPO and request that a Postsentence Investigation Report be prepared, and forwarded to the designated facility. DSCC staff will document this contact on the SENTRY Update Security Designation Screen.

Frequently, in cases involving Reentry after Deportation, Presentence/Postsentence Investigation Reports are not prepared. In those particular cases, a Magistrate Information Sheet may be used. A Magistrate Information Sheet is a document prepared by U.S. law enforcement officials. This document contains a summary of the facts related to the defendant's arrest and prior criminal/personal history. This information is primarily obtained through the arresting officer's report, the FBI Rap Sheet and an interview with the defendant.

If more than six months has elapsed since the PSR was prepared, DSCC staff will contact the USPO to determine if there is any new or significant information that should be considered. If the offender was a study case before final sentencing, DSCC staff will take into consideration the results of that study in completing the designation request. The result of the study may be obtained from a PSR, a summary report, or any other information available.

If offense or background information is not available prior to designation, an inmate must be designated to at least a Low security level institution. When information is obtained, the institution may request redesignation, if appropriate.

e. The DSCC uses classification material and SENTRY to determine if Central Inmate Monitoring (CIM) precautions need to be taken. This includes a name search to determine if the offender was previously confined under the current or previous register number. If new to the Bureau, the inmate must be loaded into SENTRY and "admitted" to the DSCC "facility," with any appropriate CIM assignment(s) entered. DSCC staff will identify the documents used to support CIM assignments and forward the documents to the designated institution.

f. DSCC staff will complete and enter into SENTRY an Inmate Load and Security Designation form (BP-337) on all cases with terms exceeding 30 days. The DSCC staff member loading the data has the discretion to complete a hard copy version or may enter the information directly into SENTRY.

P5100.08

Chapter 3, Page 3

DSCC staff must determine if there is a break in custody when the inmate is transferring to federal custody after service of a state sentence. The DSCC usually has access to this type of information for jail credit purposes. If there is no physical release from custody, DSCC staff will consider the state offense as part of the current term of confinement for classification purposes and will not assign any history points for the state offense.

g. Each work day, DSCC Designation Officers determine which cases require designation by displaying a SENTRY Daily Log for a listing of those cases entered the previous day (also to include weekends and holidays). The Designator displays the Initial Designation Data screen and follows the prompts on the screen. This will lead the Designator through a display of the "CIM Clearance and Separatee Data" screen and "Update Security Designation" screen. A list of the appropriate security level facilities will appear in order of proximity to the inmate's legal residence (based on mileage calculated by SENTRY). The final screen in this series requires that the reason for designation be entered, as well as any clearance remarks by the DSCC Designator.

The objective of inmate classification is to place each inmate in the most appropriate facility for service of sentence. To accomplish this, the Designator must consider all relevant information regarding the inmate.

In accordance with Rule 38(b) of the Federal Rules of Criminal Procedure, when the court of conviction recommends that the inmate be retained in a place of confinement which will allow the inmate to participate in the preparation of the appeal, the Bureau will make every effort to place the inmate in such a facility. If a reason exists for not placing the inmate in that facility, the matter is called to the attention of the court and an attempt is made to arrive at an acceptable place of confinement.

h. SENTRY provides information on the capacity and inmate population in each institution. Specifically, for each facility and each Designation Facility (DFCL), SENTRY provides the Rated Capacity, the Designation Capacity, and the percentage of each that the facility or DFCL currently houses.

- The Rated Capacity is a measure of the capacity for which each DFCL was designed.
- The Designation Capacity is the equitable proportion of the inmates in a particular security level that each

P5100.08

9/12/2006

Chapter 3, Page 4

designation facility having that security level should house.

The Designation Capacity of each DFCL is based on the rated capacities and population totals of all the DFCLs that have the same security level. The Rated Capacity and Designation Capacity for a facility are calculated as the total Rated Capacity and Designation Capacity of all the DFCLs that exist within that facility.

Designators will ordinarily use the Designation Capacity as a guide for maintaining population balance and an equitable distribution of inmates. However, for newly activating institutions, Designators may designate that institution for a percentage of initial designations.

i. The Designator assigns a facility, which may include a privately managed facility, and will make every effort to accommodate recommendations from the courts, ie. RDAP, locality, etc.

j. Upon completion of the initial designation by the DSCC Designator or Central Office Medical Designator, staff in the following areas will make note of the designation by monitoring SENTRY Destination Daily Logs:

(1) The receiving institution;

(2) The federal facility (MCC, Detention Center, etc.) holding the inmate being designated;

(3) The U.S. Marshals Prisoner Transportation Division in Kansas City, Kansas; and,

(4) The DSCC staff in cases where a medical/mental health inmate has been referred to OMDT.

DSCC staff will inform the USMS who has custody of the inmate of the designation by whatever means is appropriate.

If the inmate is a former study case, DSCC staff must also inform, via GroupWise, the Warden of the institution that completed the study of the designation. This alerts that facility to forward the Inmate Central File and other records to the institution designated.

If there is a secondary designation (e.g., Parole, Special Parole Term, Mandatory Release Violator Hearing, or following medical treatment), DSCC staff (or Central Office Medical Designator for

P5100.08

9/12/2006

Chapter 3, Page 5

medical cases) will notify the Warden of the secondary institution. This will alert the secondary institution that the inmate is designated and will be transported after the program or medical treatment is completed. No other designation notation is needed for a secondary designation.

k. When a designation is made, DSCC staff will forward all supporting documents to the designated institution within two working days. If DSCC staff believe that the inmate will arrive at the institution in less than five calendar days, the supporting documentation will be sent to the institution by overnight mail, facsimile, or electronically, within one working day of the designation.

l. The Case Management Coordinator (CMC) will monitor all pending arrivals at that facility. However, if the institution has separate DFCLs for specialized programs (i.e., RDAP, Sex Offender Treatment Program, Life Connections, etc.) or for a satellite camp, then the CMC may delegate this responsibility to staff assigned to those specialized programs or populations. Staff will monitor the Daily Log for that facility, and will print a hard copy of each designation and maintain a copy on file for 120 calendar days. In certain facilities other methods may be just as effective in monitoring pending arrivals. For example, institutions with a large holdover or pretrial population can be monitored more effectively by running a daily pipeline roster filtering out all "A-HLD"s and "A-PRE"s.

Staff will also monitor the arrival of classification material, and if such material has not arrived within 10 calendar days following the designation, the DSCC will be contacted to determine the status of that material. Upon arrival of the classification material, the CMC, or designee, will review that material and verify the scoring of the Inmate Load and Security Designation form (BP-337). If a scoring issue and/or error is discovered, the CMC will contact the DSCC Administrator via GroupWise. The CMC may need to fax certain pages of the Presentence Investigation Report to the DSCC so the case can be appropriately reviewed. If the CMC and DSCC agree that an error has been made, the error will be corrected by the DSCC. If the CMC and DSCC do not agree that an error has been made, the Central Office, Correctional Programs Administrator, will make the final determination.

The DSCC will also be advised of any non-scoring errors or concerns. In either circumstance, if the correction requires a new designation, the DSCC will make any necessary changes and will enter a new designation into SENTRY. The DSCC will then notify the appropriate USMS office(s) of the designation change.

P5100.08

9/12/2006

Chapter 3, Page 6

If the original designation is changed, the CMC will forward the classification material to the newly designated institution.

m. The CMC has oversight responsibilities for monitoring the timely arrival of a newly designated inmate. If an inmate serving a term of one year or more has not arrived at the designated institution within 120 calendar days from the date of the designation, or if an inmate serving a term of less than one year has not arrived after 30 calendar days, staff will use SENTRY to determine the inmate's current location:

(1) If the inmate is in a Bureau facility, staff will contact that facility to expedite movement or ascertain the reason for delay, and will verify whether the designation continues to be valid; and,

(2) If the inmate is not in a Bureau facility, staff will contact the DSCC. Upon notification, DSCC staff will contact the appropriate authorities and ascertain why the inmate has not arrived at the designated institution. If DSCC staff decides the designation is no longer valid, the DSCC will cancel the original designation.

If the designation is canceled, the packet will be returned to the DSCC, who then will return the documentation to the originating agency. Prior to canceling a designation, the DSCC will enter a comment on the "CIM Clearance and Separatee Data" screen to document the reason(s) for this action. This comment will be the only retrievable documentation available to answer future questions regarding the processing of the case. It may be necessary to administratively admit the inmate in order to enter the comment. The DSCC will also delete the associated DST assignment.

Staff will maintain records of their efforts to monitor designations. These records will be maintained for a period of 120 calendar days from the date of initial designation.

n. The release to the general public of an inmate's designation or redesignation information is prohibited, for security reasons, until the inmate has arrived at the designated facility. An inmate confined in a Bureau facility however, may be advised of the destination but will not be advised of the date or time of the transfer. However, caution should be exercised in advising inmates of their destination. The Warden may define cases where the designation will not be disclosed to the inmate. Officials such as Judges and members of Congress may be advised of designations in response to official inquiries for their official use.

2. NON-ROUTINE DESIGNATION PROCEDURES

In certain cases, non-routine designation procedures for new commitments are required. Listed below are specific examples of non-routine designations.

a. **Study Cases.** The DSCC will complete an Inmate Load and Security Designation form (BP-337) and enter it into SENTRY. The DSCC will then notify the Central Office Medical Designator via GroupWise requesting designation. The Central Office Medical Designator will designate an appropriate institution for the study. After completion of the study and final sentencing by the court, the DSCC will enter a new Inmate Load and Security Designation form (BP-337) into SENTRY, based on the actual sentence imposed or other new information.

b. **Medical or Mental Health.** The DSCC is responsible for receiving and evaluating information pertaining to an initial designation. DSCC staff must attempt to ascertain whether an inmate requires medical or mental health evaluation or treatment. This information is ordinarily obtained from the Presentence Investigation Report or other source documents. If medical or mental health concerns are apparent, DSCC staff will provide comments in the "Remarks" section of the BP-337 and enter Y (yes) in the OMDT REF item. DSCC staff will fax portions of the Presentence Investigation Report pertaining to the medical or mental health concerns, and the Judgment in a Criminal Case, if it includes any judicial recommendations, to the Central Office Medical Designator.

Upon review of the daily log for W DESIG M cases, the Central Office Medical Designator will access the Inmate Load and Security Designation form (BP-337) in SENTRY and make a designation based on the available information, ordinarily within three working days. If the Central Office Medical Designator determines there are no medical or mental health concerns affecting placement, the DSCC will be advised. The DSCC will then complete the designation to an appropriate institution.

Only the OMDT will make designations for study cases or for cases requiring medical or psychiatric evaluation or treatment. Designation may be made to any Bureau facility having resources to meet the inmate's needs. The Central Office Medical Designator will ensure that whenever a designation is made to an DFCL inconsistent with the inmate's security level, the appropriate Management Variable is entered. Administrative facilities are excluded from this requirement.

P5100.08

9/12/2006

Chapter 3, Page 8

c. **Military Prisoners.** The Bureau cooperates with the Security, Force Protection and Law Enforcement Division of the Armed Services for the transfer of military prisoners into the Bureau's custody. These cases are coordinated through the DSCC, in accordance with the provisions contained in Chapter 7, Section 17(d).

d. **Parole, Mandatory Release or Special Parole Term Violator Hearing.** For designation purposes, the U.S. Parole Commission (USPC) provides the revocation packet and a copy of the alleged violator's Presentence Investigation Report to the DSCC. The DSCC will complete an initial designation to a violator hearing site, and a secondary designation to a post-hearing institution for service of the violator term. The Security Designation Data screen will indicate the inmate is to be housed as a holdover at the violator hearing site.

Once the designation has been completed, the DSCC will notify the U.S. Marshals Office of the designated institution, and mail the violator packet to that institution. The USPC will receive notification via Groupwise.

If after the hearing, new information causes a change in the secondary designation (i.e., short-term parole date), institution staff will contact the DSCC for appropriate action.

- In cases where the projected release date (PRD) is between 60 to 120 days from the date of hearing, the DSCC will consider changing the secondary designation to the nearest appropriate facility.
- In cases where the PRD is 60 days or less from the date of hearing, hearing facility staff will consider having the inmate remain at the hearing facility for release processing purposes.
- If a change in designation is not necessary, institution staff may process the inmate's transfer to the secondary designation.

Procedures for violators requiring medical treatment are referenced in Chapters 3 and 7. Once the information is reviewed and evaluated by the DSCC, and it is determined that medical or psychiatric treatment is required, the request for designation will be entered into SENTRY and referred to the Central Office Medical Designator for designation. The DSCC will notify the appropriate USMS Office of the inmate's designated institution, and mail the violator packet to that institution. The USPC will receive notification via LAN.

P5100.08

9/12/2006

Chapter 3, Page 9

Local revocation hearings will be conducted at a site determined by the USPC, normally within commuting distance of where the alleged violation occurred. The USPC may request, in writing, to the DSCC Administrator that an alleged violator be moved to a Bureau institution. Violators who have received their local revocation hearing will not be transported until the USPC Notice of Action has been received and a designation has been determined. In some instances, violators who are granted a short-term release date should be considered for placement in a contract facility.

e. **Long-term Detainees.** The Detention Services Branch (DSB), Correctional Programs Division, Central Office, is responsible for the initial designation of long-term detainees. Requests for placement into the BOP from the U.S. Immigration and Customs Enforcement (ICE) are sent directly to DSB, where they are completed. If a medical or mental health placement is needed, DSB will refer it to the Central Office Medical Designator.

Long-term detainees are no longer serving a sentence but their detention is indeterminate and they will not, in all probability, be repatriated to their home country.

Long-term detainees are from countries, such as Cuba, that refuse to accept their return from the U.S. government. The Detention Services Branch, Correctional Programs Division, will advise when changes in applicable countries occur. This does not include citizens from countries that take a significant amount of time to accept its citizens. Travel orders can be obtained and they are eventually returned. ICE requests the placement of long-term detainees into the BOP and they are ordinarily designated into a general population.

Long-term detainees include:

- Mariel Cubans, detainees who entered the United States during the Mariel boatlift between April 15, 1980 and October 31, 1980;
- Cubans who entered the United States from other countries, or from Cuba other than during the Mariel boatlift; and,
- Detainees from countries that ICE has identified that refuse to receive its citizens.

Designation procedures for long-term detainees are unique because the detainees are not serving a sentence. Refer to the current

P5100.08

Chapter 3, Page 10

Program Statement Mariel Cuban Detainees for the designation procedures.

3. DESIGNATIONS TO NON-FEDERAL FACILITIES

The DSCC may designate a federal inmate to a non-federal facility in accordance with the criteria below. An updated Security Designation form (BP-337) will be completed and entered into SENTRY for any sentence exceeding 30 days. When the USMS takes custody of an inmate from state or local custody to begin serving a federal sentence, the same procedures for new commitments will be followed.

When designating an inmate to a non-federal facility for an inmate, Designators shall consider the inmate's religious beliefs, if known as one of the factors in making a designation decision. If possible, a non-federal facility where the inmate's religious beliefs can be accommodated will be designated. If necessary, Designators may consult with Central Office chaplaincy staff in making this designation decision.

4. TYPES OF COMMITMENTS

a. **Juvenile Commitments.** All inmates committed under the Juvenile Justice and Delinquency Prevention Act (JJDP Act) and all inmates under the age of 18 will be designated and housed in accordance with the requirements of Program Statement Juvenile Delinquents, Juvenile Justice and Delinquency Prevention Act.

The CCM will complete a BP-337 for juvenile offenders housed in contract juvenile facilities; however, the CCM does not need to complete the BP-338 while the juvenile is housed there unless it is helpful to do so.

b. **Jail Commitments.** When funds and appropriate jail space are available, the DSCC may designate a contract jail or detention facility for an inmate who is generally sentenced to one year or less. If funds and appropriate jail space are not available or if an inmate has special needs, a federal institution will be designated through the DSCC. Prior to placement, DSCC staff must determine whether any PSF(s) or other circumstances would contradict a jail designation. If so, the lowest security level dictated by the applicable PSF must be satisfied.

However, such designations should also take into consideration underpopulated Bureau facilities prior to placement in a contract facility.

P5100.08

9/12/2006

Chapter 3, Page 11

c. **Youth Corrections Act (YCA)/District of Columbia Youth Rehabilitation Act (DCYRA) Offenders.** Although the YCA statutes were repealed effective October 12, 1984 (see 18 U.S.C. §§ 5005 through 5026 (repealed)), an offender originally committed under these statutes could be returned to custody as a parole violator. Ordinarily, DCYRA inmates will not be initially designated to non-federal facilities.

d. **State Prisoners.** 18 U.S.C. § 5003 enables the Director, Bureau of Prisons, to establish contracts to accept state prisoners for boarding in federal institutions. The term "State" as used in this section includes any state, territory, or possession of the United States. The statute does not permit the Bureau to contract placement of state prisoners in third party custody. This includes CCC placements.

When there is a compelling reason for placing a state prisoner in a non-federal facility, institution staff will contact the DSCC Administrator, who may suggest to officials of the state that they may want to make their own direct placement in a non-federal facility.

Once an inmate is accepted into Bureau custody, occasionally, there may be a reason to return the inmate to the original state. In this instance, institutional staff will contact the DSCC Administrator. If the DSCC Administrator determines that it would be appropriate for the inmate to be returned, they will contact state officials.

INMATE LOAD AND SECURITY DESIGNATION FORM INSTRUCTIONS (BP-337)

INMATE LOAD DATA

The Inmate Load Data section (Items 1 to 25) of the Inmate Load and Security Designation form (BP-337) records the physical and demographic information of inmates entered into SENTRY (the Bureau of Prisons' on-line database). In practice, inmates are entered into SENTRY whether or not the inmate's security level is scored (e.g., pre-trial detainees, material witnesses, etc.). Therefore, when the initial security designation data is entered into SENTRY it is essential that the load data is compared to the information contained in the Presentence Investigation Report (PSR), and that the information is updated or reconciled as appropriate.

9. **DATE OF BIRTH.** Ten spaces are provided for the inmate's birth date (MM-DD-YYYY); (e.g., July 2, 1981 = 07-02-1981). If the inmate's birth date is unknown or not available, enter 01-01-1800.
10. **OFFENSE/SENTENCE.** The offense(s), sentence imposed, and docket number (as specified in the Judgment) should be entered in the space provided. Additionally, if the inmate is admitted to another SENTRY facility, care should be taken to preserve existing information.
11. **FBI NUMBER.** Nine spaces are provided for the Federal Bureau of Investigation (FBI) number. The FBI number can be any combination of letters and numbers and must be entered without spaces or dashes. It cannot duplicate an existing FBI number in SENTRY. This field must be left blank if the FBI number is unknown at the time the inmate is loaded.
12. **SOCIAL SECURITY NUMBER (SSN).** Nine spaces are provided for the inmate's SSN. The number must be entered without dashes or spaces. It cannot duplicate an existing SSN in SENTRY. If the SSN is unknown, or the inmate has never been issued a SSN this field must be left blank. In cases where the inmate will not be issued a SSN (i.e., illegal aliens) a back slash may be entered.
13. **STATE OF BIRTH.** Two spaces are provided for the state code for the state in which the inmate was born. If entered, it must be a valid code from the State and Possession Code Table in the SENTRY General Use TRM.
14. **COUNTRY OF BIRTH.** If entered, it must be a valid code from the Country Code Table in the SENTRY General Use TRM.

NOTE: SENTRY will not allow "US" to be entered if a "state of birth" is entered (Item 13 above).

Chapter 4, Page 4

15. **CITIZENSHIP.** Enter the country code that corresponds to the inmate's citizenship. This must be a valid code from the Country Code Table in the SENTRY General Use TRM. Do not rely on the inmate's current place of residence to determine citizenship. Special emphasis must be placed on the accuracy of citizenship at the time of the inmate's admission.
16. **ADDRESS - STREET.** At least twenty-eight spaces are provided for the inmate's street number and name as listed in the PSR as "legal address." Enter any combination of alphanumeric characters.
17. **CITY.** Fifteen spaces are provided for the inmate's city of residence as listed in the PSR as "legal address." If entered, a state or foreign country must be entered.
18. **STATE.** Two spaces are provided for the state code. If entered, it must be a valid state code found under State Possession Code, SENTRY General Use TRM. Enter country code under Item 20 if residence is not in the United States or one of its territories or commonwealths.
19. **ZIP CODE.** Five spaces are provided for the zip code. It must be entered when a state code has been entered. If not available, the city, state, and zip code of the USMS Office assigning the register number will be entered. An accurate zip code is important because it is used by SENTRY to determine mileage between the inmate's legal residence and designated institution.
20. **FOREIGN COUNTRY.** Two spaces are provided for the country code. If entered, it must be a valid country code from the Country Code Table of the SENTRY General Use TRM. "US" may not be entered as the country code. This field must be completed if a state or zip code is not entered in the address field (see Items 18 & 19 above).
21. **HEIGHT.** Height must be entered in a measurement of feet and inches. Values in feet (FT) must be 1 through 9. Values in inches (IN) must be 00 through 11.
22. **WEIGHT.** Weight values must be 001-999 and represent pounds.
23. **HAIR.** Two spaces are provided for the color code. If entered, it must be a valid code found under the Hair Color Code, SENTRY General Use TRM.

This item allows for the subtraction of three points from the Security Point Total, Item 15, when the Judgment indicates the inmate was allowed to voluntarily surrender. For purposes of this item, voluntary surrender means the inmate was not escorted by a law enforcement officer to either the U.S. Marshals Office or the place of confinement. Additionally, this item applies only to post-sentencing voluntary surrender, and does not include cases where the inmate surrendered to the U.S. Marshals on the same day as sentencing. Voluntary Surrender Credit may only be

applied to the initial term of confinement; it may not be applied to any subsequent Supervised Release, Mandatory Release or parole Violation return to custody.

5a. **VOLUNTARY SURRENDER DATE.** If the court has provided for voluntary surrender, enter the date of the voluntary surrender in this block. If the court provided for voluntary surrender but did not provide a specific date for the surrender, the DSCC will contact the court to establish a mutually agreeable date.

NOTE: In cases where the court allows the inmate to voluntarily surrender but the inmate will not receive (-3) points on this item the date will still be entered on this item.

5b. **VOLUNTARY SURRENDER LOCATION.** The DSCC will note whether the inmate is to voluntarily surrender to the USMS or to the designated institution.

6. MONTHS TO RELEASE

6. MONTHS TO RELEASE _____

This item reflects the estimated number of months the inmate is expected to be incarcerated. Consecutive federal sentences will be added together for classification purposes. Federal sentences may have different beginning dates, based on the Judgment Order. There may even be a computation in SENTRY with a beginning date in the future. Based on the inmate's sentence(s), enter the total number of months remaining, less 15% (for sentences over 12 months), and credit for any jail time served. This item is not figured into the security point total but impacts the Sentence Length Public Safety Factor.

Example: An adult convicted of Breaking and Entering under the Sentence Reform Act is sentenced to eight years. The expected length of incarceration is (96 months x 85% = 81.6 months). Round to the nearest whole number to get 82 and subtract any jail time credit (180 days) = 76 months to release.

NOTE: Enter 540 months for death penalty cases, life sentences, and Parolable life sentences for which a parole date has not been established.

6. **MONTHS TO RELEASE**

6. MONTHS TO RELEASE _____

This item reflects the estimated number of months the inmate is expected to be incarcerated. Consecutive federal sentences will be added together for classification purposes. Federal sentences may have different beginning dates, based on the Judgment Order. There may even be a computation in SENTRY with a beginning date in the future. Based on the inmate's sentence(s), enter the total number of months remaining, less 15% (for sentences over 12 months), and credit for any jail time served. This item is not figured into the security point total but impacts the Sentence Length Public Safety Factor.

Example: An adult convicted of Breaking and Entering under the Sentence Reform Act is sentenced to eight years. The expected length of incarceration is (96 months x 85% = 81.6 months). Round to the nearest whole number to get 82 and subtract any jail time credit (180 days) = 76 months to release.

NOTE: Enter 540 months for death penalty cases, life sentences, and Parolable life sentences for which a parole date has not been established.

7. SEVERITY OF CURRENT OFFENSE

7. SEVERITY OF CURRENT OFFENSE	0 = LOWEST 1 = LOW MODERATE	3 = MODERATE 5 = HIGH	7 = GREATEST	
-----------------------------------	--------------------------------	--------------------------	--------------	--

Enter the appropriate number of points that reflect the most severe documented instant offense behavior regardless of the conviction offense. For multiple offenses, the highest score will be used in scoring the current offense. Staff will consider the offense behavior on all sentences, including federal sentences that have a future beginning date or a previous D.C. or state sentence if there was no physical release from custody.

NOTE: This will require DSCC staff to make reasonable efforts to obtain documentation.

Severity is determined by using the Offense Severity Scale (Appendix A).

Example: According to the PSR, the individual was involved in an Assault With Serious Injury (Greatest severity level) but pled guilty to a Simple Assault (Moderate severity level). Assign the points on the basis of the more severe documented behavior, i.e., assign 7 points (Greatest severity level).

In determining "Severity of Current Offense" staff must review the Statement of Reasons (SOR) and ensure the information provided is appropriately used in classifying the inmate.

Example: According to the PSR the individual was involved in a drug conspiracy responsible for distribution of 31 grams of Cocaine Base "Crack", but was individually only responsible for 2 grams, he/she would be scored as Moderate Severity for this item. However, the SOR, indicates the Sentencing Judge found the individual responsible for less than 1 gram; therefore, the appropriate scoring should be Low Moderate severity.

● **PROCEDURES FOR PAROLE, MANDATORY RELEASE, SPECIAL PAROLE TERM, OR SUPERVISED RELEASE VIOLATORS**

If the violation was the result of new criminal conduct, regardless of conviction status, use the new criminal conduct for scoring "Severity of Current Offense" (see Appendix A). If the violation behavior was a technical violation, score the "Severity of Current Offense" as Low Moderate.

P5100.08

9/12/2006

Chapter 4, Page 8

The original offense behavior which occurred prior to the violation is considered past behavior and is not used in determining "Severity of Current Offense."

● PROCEDURES FOR PROBATION VIOLATORS

The original offense behavior that resulted in probation should be used for scoring "Severity of Current Offense" (see Appendix A). However, if the new criminal conduct (violation behavior) is more severe than the original offense behavior, then use this behavior for scoring "Severity of Current Offense." **The most severe documented behavior between the original offense and the violation behavior will be used for scoring "Severity of Current Offense."**

8. CRIMINAL HISTORY SCORE

8. CRIMINAL HISTORY SCORE	0 = 0-1 2 = 2-3	4 = 4-6 6 = 7-9	8 = 10-12 10 = 13 +	
8a. SOURCE OF DOCUMENTED CRIMINAL HISTORY	_____ - PRESENTENCE INVESTIGATION REPORT _____ - NCIC III			

Enter the appropriate number of Criminal History Points (CHP). SENTRY will automatically convert the CHP to the Bureau's Criminal History Score (CHS).

The CHS is derived from the US Sentencing Guidelines Criminal History Points, as reflected in the final judgment and the SOR. If not found in either the Judgment or SOR, use the points assessed by the USPO in the PSR.

In some cases the Criminal History Points are not available (i.e., when the PSR is waived, on offenses committed prior to November 1, 1987, state cases, and military and D.C. Code offenders). Under these circumstances the Criminal History Score will be derived from the criminal history documented in the NCIC III Report according to the following procedures:

- (a) Add 3 points for each prior sentence of imprisonment exceeding one year and one month;
- (b) Add 2 points for each prior sentence of imprisonment of at least sixty days not counted in (a);
- (c) Add 1 point for each prior conviction not counted in (a) or (b), up to a total of 4 points for this item; and,

P5100.08

9/12/2006

Chapter 4, Page 9

- (d) Add 2 points if the instant offense is a revocation accompanied by a new state or federal conviction, or if the instant offense occurred while under federal supervision including incarceration, probation, parole or supervised release.

The documentation used to assess the Criminal History Points must be provided as specified in all cases.

9. HISTORY OF VIOLENCE

9. HISTORY OF VIOLENCE	NONE	>15 YEARS	10-15 YEARS	5-10 YEARS	<5 YEARS	
MINOR	0	1	1	3	5	
SERIOUS	0	2	4	6	7	

Enter the appropriate number of points that reflect any history of violence, considering only those acts for which there are documented findings of guilt (i.e., DHO, Court, Parole, Mandatory Release, or Supervised Release Violation). This item includes the individual's entire background of criminal violence, excluding the current term of confinement.

Exception: Any institution disciplinary hearing (UDC or DHO) finding that a prohibited act was committed during the current term of confinement will be scored as a history item. DSCC staff must review the Chronological Disciplinary Record (CDR) for inmates who were previously housed in a federal institution or contract facility. Any violent act(s) reflected on the CDR must be scored as a history item. State disciplinary findings must be scored unless there is documentation that the state disciplinary proceedings did not afford due process protection to the inmate.

Severity of violence is determined by the offense behavior regardless of the conviction/finding of guilt offense. History of Violence points combine both seriousness and recency of prior violent incidents to assess the propensity for future violence. Therefore, if there is more than one incident of violence, score the combination of seriousness and recency that yields the highest point score. Prior periods of incarceration will be considered a "history" item if the inmate was physically released from custody and then returned to serve either a violation or a new sentence. In determining time frames, use the date of the documented behavior. Documented information from a juvenile, Youth Corrections Act (YCA) or District of Columbia Youth Rehabilitation Act (DCYRA) adjudication can be used unless the record has been expunged or vacated.

Minor History of Violence - Aggressive or intimidating behavior which is not likely to cause serious bodily harm or death (e.g.,

P5100.08

9/12/2006

Chapter 4, Page 10

simple assault, fights, domestic disputes, etc.) There must be a finding of guilt.

Serious History of Violence - Aggressive or intimidating behavior which is likely to cause serious bodily harm or death (e.g., aggravated assault, domestic violence, intimidation involving a weapon, incidents involving arson or explosives, rape, etc.). There must be a finding of guilt.

Example: If an offender was found guilty of homicide 20 years ago and a simple assault 3 years ago, assign 5 points for the simple assault. Or in another case, the offender had guilty findings for homicide 12 years ago; aggravated assault 8 years ago; and fighting 2 years ago, score 6 points for the aggravated assault 8 years ago.

NOTE: Attempted suicide, self-mutilation and possession of weapons are not applicable behaviors for History of Violence scoring. In addition, verbal threats (such as Code 203- Threatening Bodily Harm) are to be viewed as minor violence.

10. HISTORY OF ESCAPE OR ATTEMPTS

10. HISTORY OF	NONE	>15 YEARS	10-15 YEARS	5-10 YEARS	<5 YEARS
ESCAPE OR					
MINOR	0	1	1	2	3
ATTEMPTS					
SERIOUS	0	3(S)	3(S)	3(S)	3(S)

Enter the appropriate number of points that reflect the escape history of the individual considering only those acts for which there are documented findings of guilt (i.e., DHO, Court, Parole, Mandatory Release, or Supervised Release Violation). Escape history includes the individual's entire background of escapes or attempts to escape from confinement, or absconding from community supervision, excluding the current term of confinement.

Exception: Any institution disciplinary hearing (UDC or DHO) finding that a prohibited act was committed during the current term of confinement will be scored as a history item. DSCC staff must review the Chronological Disciplinary Record (CDR) for inmates who were previously housed in a federal institution or contract facility. Any escape(s) or attempt(s) reflected on the CDR must be scored as a history item. State disciplinary findings are to be scored unless there is documentation that the state disciplinary proceedings did not afford due process protection to the inmate.

Fleeing or Eluding Arrest, Failure to Appear for traffic violations, Absconding, runaways from foster homes and similar

P5100.08

9/12/2006

Chapter 4, Page 11

behavior should not to be scored under the Escape History item, even if clearly documented, but should be considered on a case-by-case basis under the Management Variable "Greater Security." Failure to Appear or Flight to Avoid Prosecution for any offense however, must be counted when there is a documented finding of guilt.

In determining time frames, use the date of the documented occurrence. Documented information from a juvenile, YCA, or DCYRA adjudication can be used unless the record has been expunged or vacated.

Minor History of Escape - An escape from an open institution or program (e.g., minimum security facility, CCC, furlough) not involving any actual or threat of violence. Also includes military AWOL, Bail Reform Act, Flight to Avoid Prosecution, and Absconding from Community Supervision. There must be a finding of guilt except as previously noted.

Serious History of Escape - An escape from secure custody with or without threat of violence. Also includes escapes from an open facility or program with actual threat of violence. There must be a finding of guilt. S = 3 points and requires application of PSF L.

11. TYPE OF DETAINER

11. TYPE OF DETAINER	0 = NONE	3 = MODERATE	7 = GREATEST	
	1 = LOWEST/LOW MODERATE	5 = HIGH		

Enter the appropriate number of points that reflect detainer status. Refer to the Offense Severity Scale, Appendix A. Determination is based on the offense of the most serious detainer.

- If there is a pending charge, points based on the documented behavior are assigned on the "Type of Detainer" item. If the pending charges or detainer involve a probation violation, use the most severe documented behavior in the original offense as the basis for assigning points in scoring the detainer.

If law enforcement officials indicate a firm intent to lodge a detainer, consider it lodged. Score a concurrent state sentence as a detainer only if it is expected that the state sentence will exceed the federal sentence. However, score consecutive state sentences, lodged state detainers, and/or state parole violation terms/warrants as detainers.

P5100.08

9/12/2006

Chapter 4, Page 12

- Consecutive federal sentences are ordinarily not lodged as detainers because federal sentences are computed as they are received. If there is more than one sentence, the most severe offense will be used as "Severity of Current Offense."

Example: For an individual with two detainers for Violation of Firearms Act (Moderate severity level) and one for Extortion (High severity level), use High = 5 points and enter "5".

- No points will be awarded for U.S. Parole Commission warrants (adjudicated or unadjudicated). However, the original offense behavior will be factored into the criminal history points and the violation behavior (including new offense behavior) will be scored as the instant offense.
- No points will be awarded for ICE detainers. However, each case will be carefully reviewed to determine whether the PSF for Deportable Alien is applicable.

12. AGE

12. AGE	0 = 55 and over 2 = 36 through 54	4 = 25 through 35 8 = 24 or less	
---------	--------------------------------------	-------------------------------------	--

SENTRY will automatically enter the appropriate number of points based on the inmate's date of birth. Staff do not have to manually enter an offender's age or points on the BP-337. If the offenders date of birth is unknown, SENTRY will default to a score of 4 points.

13. EDUCATION LEVEL

13. EDUCATION LEVEL	0 = Verified High School Degree or GED 1 = Enrolled in and making satisfactory progress in GED Program 2 = No verified High School Degree/GED and not participating in GED Program	
13a. HIGHEST GRADE COMPLETED		

Enter the appropriate number of points that reflect the inmate's verified education level at the time of designation.

In addition to the points assigned for the education level, the highest grade completed (HGC) will also be recorded on the BP-337. For example, an inmate who began, but did not complete the 7th grade will be given a 6 in the HGC field. Similarly, a GED will be given a 12, a college graduate a 16, a Master's degree an 18, and a Ph.D. a 21 (the maximum allowed) in the HGC field. The

P5100.08

value entered for the HGC should, unless missing, be consistent with the points assessed for the inmates education level. If missing, enter a "U" for unknown.

14. DRUG/ALCOHOL ABUSE

14. DRUG/ALCOHOL ABUSE	0 = Never/>5 Years	1 = <5 Years	
------------------------	--------------------	--------------	--

Enter the appropriate number of points that reflect drug or alcohol abuse by the inmate. Examples of drug or alcohol abuse include: a conviction of a drug or alcohol related offense, a parole or probation violation based on drug or alcohol abuse, positive drug test, a DUI, detoxification, etc. Absent any information similar to the above, an inmate's self-report is sufficient to score this item. If this information is unknown enter a "U" and the item will be scored as zero.

17. REMARKS

17. REMARKS

A brief explanation of the current offense(s) is required in the "Remarks" section. Similarly, Pre-Sentence Investigation Report information relevant to other scoring items that may have an impact on the designation process or the transportation of the inmate (e.g., medical or psychiatric information, or arrest behavior with no conviction) must also be noted in this section. Refer to Appendix C, Standard Abbreviations/Terms. Also, the

individual scoring the case will enter his or her initials at the end of the "Remarks" section.

18. OMDT REFERRAL

18. OMDT REFERRAL (YES/NO) _____

The Medical Designator, Office of Medical Designations Transportation (OMDT), must review all cases in which there is a physical or mental health concern. Enter "Y" (yes) or N (no) in this category. The response will determine which daily log will reflect the designation information.

DESIGNATION AND SENTENCE COMPUTATION CENTER ACTION - INITIAL DESIGNATION

It is extremely important for Designators to communicate on a regular basis to ensure that designation decisions are consistent. The Correctional Programs Division encourages the need for communication and consistency to all Designators.

1. **FACILITY DESIGNATED.** Enter the mnemonic code for the institution designated (Refer to "Enter Initial Designation," SENTRY General Use TRM).

2. **CUSTODY ASSIGNMENT.** Enter the initial custody assignment in accordance with Table 4-1.

Table 4-1

LEVEL OF INSTITUTION INITIALLY DESIGNATED	INITIAL CUSTODY ASSIGNMENT
Minimum	OUT
Low	IN
Medium	IN
High	IN, unless initial designation is to USP Marion or ADX Florence, in which case the initial custody assignment is MAXIMUM.

Chapter 4, Page 15

3. **DESIGNATOR.** The Designator will enter his or her initials.

4. **REASON FOR DESIGNATION.** Designators will use this section to document whether the primary reason for designation was for security reasons or for management reasons.

- Enter "S" if the inmate's security level is the primary reason for designation and the placement is within normal guidelines. If "S" is entered, SENTRY will not permit an entry in the "Management Reason" field.
- Enter "M" if a Management Variable is the primary reason for designation and placement is outside normal guidelines. When "M" is entered, you must enter the appropriate Management Variable(s) (e.g., B = Judicial Recommendation, D = Release Residence, etc.) under the Management Reason item. While one MGTV is generally sufficient, a maximum of three MGTVs may be entered into SENTRY. In the unlikely event that an inmate's designation facility is inconsistent with his or her MSL, at least one additional non-MSL MGTV must be added to support and explain the inconsistency.
- When it is necessary to place an inmate at a particular institution temporarily in order to receive a parole hearing, a secondary designation is required. The DSCC will notify the Warden of the secondary institution via GroupWise. Following the hearing, the institution where the inmate was first placed should review the secondary designation and contact the DSCC if the results of the hearing indicate that a change in the secondary designation is required.

5. **MANAGEMENT VARIABLES.** See Chapter 5, pages 1-6 for a description of Management Variables and their application.

6. **REMARKS.** The Designator will enter any relevant information not already recorded that may have an impact on the designation process or the transportation of the inmate.

MANAGEMENT VARIABLES AND PUBLIC SAFETY FACTORS

MANAGEMENT VARIABLES

A Management Variable is required when placement has been made and/or maintained at an institution level inconsistent with the inmate's scored security level. Application of a Management Variable requires review and approval by the DSCC Administrator. When completing the BP-338, institution staff may only enter a Management Variable which the DSCC previously approved and entered as a management reason. Otherwise, the DSCC is the only office authorized to enter a variable. A maximum of three Management Variables may be entered for each case.

NOTE: SENTRY will not permit the simultaneous application of the Greater Security and Lesser Security MGTVs.

When a Management Variable no longer applies, institution staff will remove the variable(s) accordingly. When no Management Variable is required, institution staff will insert the letter "A" (NONE) in the space to signify that no MGTV(s) apply. Management Variables entered at initial designation are manually transferred to the BP-338, Custody Classification form.

Request for Management Variable/Management Variable expiration date. All requests to apply a Management Variable (MGTV) or to update the Management Variable Expiration Date (MVED) must be submitted to the DSCC via GroupWise using the 409 form. Requests for Management Variables on WITSEC inmates are to be forwarded to the Inmate Monitoring Section, Central Office, Washington, DC. The following criteria will be utilized:

Only the DSCC or Central Office staff can apply a MGTV and update a MVED, with the exception of "I" (Med/Psych), which will be applied and reviewed by the Central Office Medical Designator and "U" (Long-Term Detainee), which will be applied by the Detention Services Branch, Correctional Programs Division, Central Office.

When requesting a MGTV or an updated MVED, only sections four and six need to be completed on the form 409. This request should normally be made to the DSCC within 21 calendar days following the inmate's scheduled custody review to ensure the DSCC is receiving a current Custody Classification Form, BP-338. After approval by the Warden, the request may be routed from the unit or shared folders, and unit staff must enter a DST assignment using the Update Transaction. Staff will enter W MGTV

P5100.08
9/12/2006
Chapter 5, Page 2

as a DST assignment when the request is routed. DSCC staff will remove the assignment when the decision is made.

When requesting an updated MVED, staff are to indicate the recommended expiration date on the top portion of form 409.

When a case with the MGTV of "I" (Med/Psych) is scheduled for review and it is anticipated that this MGTV is no longer applicable, institution staff will complete all sections of form 409 and forward the request to the Central Office Medical Designator and the DSCC. The Central Office Medical Designator will review the case for continuation or deletion of this MGTV. If this MGTV is no longer appropriate, the Central Office Medical Designator will remove the MGTV. After the Central Office Medical Designator removes the MGTV "I," the DSCC will review the case for transfer. If a transfer is not appropriate, another MGTV is to be applied.

Expiration dates will be assigned in accordance with Table 5-1. The DSCC Administrator must evaluate the information on the form 409 to determine the appropriate expiration date for all applicable Management Variables. At the established expiration date, case management staff will review the current Management Variable(s) to determine appropriateness. In the rare instance when more than one MGTV is applied, all expiration dates will be displayed on the BP-338. When running a SENTRY roster, each MGTV and corresponding MVED will be displayed.

Management Security Level (MSL). Upon application of any of the following Management Variables: PSF Waived; Greater Security; Lesser Security, the DSCC is to apply an overriding Management Security Level (MSL) to reflect the inmate's assessed security needs. This MSL takes precedence over the security level reflected in SENTRY which is based upon the scored security level and the application of Public Safety Factors. Designation must be made to a DFCL commensurate with the inmate's security needs as reflected in the Management Security Level. **If there is an extenuating circumstance in which an inmate's designation facility is inconsistent with his or her MSL, at least one additional non-MSL MGTV must be added to support and explain the inconsistency.**

P5100.08
9/12/2006
Chapter 5, Page 3

CODE MGTV - DESCRIPTION

- A None.** No Management Variables apply. Institution staff are permitted to enter this item.
- B Judicial Recommendation.** The sentencing court may recommend a specific institution or program. When consistent with policies or when such actions are consistent with sound correctional management, the Bureau of Prisons attempts to satisfy judicial recommendations. When this is not feasible, the court is notified in writing with an explanation outlining the reasons for not satisfying that recommendation.
- D Release Residence.** The Bureau of Prisons attempts to place each inmate in an institution that is reasonably close to the anticipated release area. Ordinarily, placement within 500 miles of the release area is to be considered reasonable, regardless of whether there may be an institution closer to the inmate's release area. This MGTV may also apply to inmates who are within 36 months of release.
- E Population Management.** Situations may occur in which an inmate requires housing in a facility which is not commensurate with his or her security level. Following are example situations: facility activation; population pressures affecting available appropriate-level bed space within 500 miles of the inmate's anticipated release residence; gang/security concerns.
- G Central Inmate Monitoring Assignment.** Pursuant to the CIM Program Statement, some inmates, for specified reasons, need to be monitored or separated from others. Sometimes these special management concerns limit the options for placement.
- I Medical or Psychiatric.** An inmate who has a history of or is presently exhibiting psychiatric problems may need an initial designation to a psychiatric referral center. Similarly, documented information reflecting that the inmate may need medical or surgical treatment may require a designation to a medical referral center. Designations and redesignations of these inmates will be made by the Central Office Medical Designator.

CODE MGTV - DESCRIPTION

N Program Participation. Occasionally, inmates become involved in specialized programs which are only available on a limited basis, or at specific institutions; in such instances, it might be appropriate to delay transfer pending completion of the program. Likewise, an inmate's ability to participate in a unique program may require placement at an institution not commensurate with his or her security level. Accordingly, when an inmate's security level changes during participation in a special program not likely to be available in another appropriate facility, causing placement outside normal guidelines, this MGTV will apply.

R Work Cadre. At secure facilities without satellite camps, the Regional Director may authorize a certain number of work cadre inmates to perform work outside the perimeter of the institution. The DSCC will apply the MGTV upon request of the institution.

S PSF Waived. An inmate may receive up to three Public Safety Factors (PSFs). PSFs may be waived after review and approval by the DSCC Administrator. When Public Safety Factors are waived causing placement outside normal guidelines, this MGTV will apply. Application of this MGTV mandates that the DSCC Administrator determine the most appropriate level of security required by the inmate and apply a Management Security Level (MSL). The MSL must be at least one level less than the scored security level which is based on the Security Total and PSF(s).

Request for Public Safety Factor Waiver. Only the DSCC Administrator is authorized to waive a PSF. A request for waiver of a PSF will be submitted to the DSCC via form 409, available on SALLYPORT. The form 409 will indicate that the request is for waiver of a Public Safety Factor. Items 1 through 7 must be completed when submitting a request for waiver of a PSF.

U Long-term Detainee. Long-term detainees are given an initial custody and security level. However, Custody Classification Forms are not to be completed on long-term detainees due to the unavailability or non-applicability of certain data (i.e., current term of confinement, length of time remaining to serve, accurate criminal history). Therefore, transfers for

P5100.08

9/12/2006

Chapter 5, Page 5

positive or negative behavior may cause placement in a facility different from his or her scored security or custody level. When needed, this MGTV will be applied by the Detention Services Branch, Correctional Programs Division, Central Office.

Long-term criminal detainees whose security or custody level does not match that of their facility will have this Management Variable applied. This applies as well if an inmate rolls over to the status of a long-term detainee after being ordered detained upon expiration of the federal sentence and the security or custody level does not match that of the designated facility.

V Greater Security. There may be security concerns which are not adequately reflected in the classification scheme. In circumstances where an inmate represents a greater security risk (i.e., pending charges, detainer, escape risk, etc.) than their assigned security level, they may be placed in an institution outside normal guidelines, and this MGTV will apply. When this MGTV is applied based on institutional behavior which is **not** supported by a UDC/DHO finding of guilt, staff will ensure compliance with the criteria as set forth in the Program Statement on Inmate Discipline and Special Housing Units. Application of this MGTV mandates the DSCC Administrator determine the most appropriate level of security required by the inmate and apply a Management Security Level (MSL). Designation will then be made to a DFCL commensurate with the inmate's Management Security Level. The MSL must be at least one level greater than the scored security level which is based on the Security Total and Public Safety Factor(s). This MGTV requires up to a 24 month expiration date.

W Lesser Security. There may be security concerns which are not adequately reflected in the classification scheme. In circumstances where an inmate represents a lesser security risk (i.e., detainer removed, positive adjustment, etc.) than the assigned security level, the inmate may be placed in an institution outside normal guidelines. For example, where age is largely the contributing factor in the inmate's placement, this Management Variable will apply. Application of this MGTV mandates the DSCC Administrator to determine the most appropriate level of security required by the inmate and apply a Management Security Level (MSL). The MSL must be at least one level less than the scored

P5100.08

security level which is based on the Security Total and Public Safety Factor(s).

DISCONTINUED MANAGEMENT VARIABLES. The following Management Variables have been discontinued: C - Age, F - Racial Balance, H - Voluntary Surrender, J - Custody, K - Detainer, L - Discipline, M - Grandfather Clause, O - Security, P - Sentence Limitation, and Q - Sliding Scale.

PUBLIC SAFETY FACTORS

A Public Safety Factor (PSF) is relevant factual information regarding the inmate's current offense, sentence, criminal history or institutional behavior that requires additional security measures be employed to ensure the safety and protection of the public. Public Safety Factors are normally applied on the Inmate Load and Security Designation Form (BP-337) prior to an inmate's initial assignment to an institution, however, additions or deletions may be made at anytime there after via the Custody Classification Form, (BP-338). A maximum of three PSFs may be applied, however if more than three apply, those which would provide the greatest security and public safety will be utilized.

CODE	PSF - DESCRIPTION
-------------	--------------------------

A	None. No Public Safety Factors apply.
----------	--

B	Disruptive Group. A male inmate who is a validated member of a Disruptive Group identified in the Central Inmate Monitoring System will be housed in a High security level institution, unless the PSF has been waived.
----------	---

At the time of initial designation, if the Presentence Investigation Report or other documentation identifies the inmate as a possible member of one of the Central Inmate Monitoring Disruptive Groups, DSCC staff will enter a PSF on the BP-337. However, DSCC staff will not enter the CIM assignment "Disruptive Group." Upon loading this PSF on a not-yet-validated member, DSCC staff will (1) make a notation in the Remarks Section to indicate the need for validation upon arrival at the institution, and (2) notify the Central Office Intelligence Section, via GroupWise, to advise them of the inmate's status. Upon the inmate's arrival at the designated institution, the intake screener will notify the institution's Special Investigation Supervisor of the inmate's PSF, to initiate the validation process.

C	Greatest Severity Offense. A male inmate whose current term of confinement falls into the "Greatest Severity" range according to the Offense Severity Scale (Appendix A) will be housed in at least a Low security level institution, unless the PSF has been waived.

CODE PSF - DESCRIPTION

F Sex Offender. A male or female inmate whose behavior in the current term of confinement or prior history includes one or more of the following elements will be housed in at least a Low security level institution, unless the PSF has been waived. A conviction is not required for application of this PSF if the Presentence Investigation Report (PSR), or other official documentation, clearly indicates the following behavior occurred in the current term of confinement or prior criminal history. If the case was dismissed or nolle prosequi, application of this PSF cannot be entered. However, in the case where an inmate was charged with an offense that included one of the following elements, but as a result of a plea bargain was not convicted, application of this PSF should be entered.

Example: According to the PSR, the inmate was specifically described as being involved in a Sexual Assault but pled guilty to Simple Assault. Based on the documented behavior, application of this PSF should be entered:

(1) Engaging in sexual contact with another person without obtaining permission to do so (forcible rape, sexual assault or sexual battery);

(2) Possession, distribution or mailing of child pornography or related paraphernalia;

(3) Any sexual contact with a minor or other person physically or mentally incapable of granting consent (indecent liberties with a minor, statutory rape, sexual abuse of the mentally ill, rape by administering a drug or substance);

(4) Any sexual act or contact not identified above that is aggressive or abusive in nature (e.g., rape by instrument, encouraging use of a minor for prostitution purposes, incest, etc.). Examples may be documented by state or Bureau of Prisons' incident reports, clear NCIC entries, or other official documentation;

(5) Attempts are to be treated as if the sexual act or contact was completed; and/or,

(6) Any offense referenced in the Sex Offender Notification and Registration Program Statement.

- G Threat to Government Officials.** A **male** or **female** inmate classified with a Central Inmate Monitoring assignment of Threat to Government Official will be housed in at least a Low security level institution, unless the PSF has been waived.
- H Deportable Alien.** A male or female inmate who is not a citizen of the United States. All long-term detainees will have this PSF applied. When applied, the inmate or the long-term detainee shall be housed in at least a Low security level institution.
- The PSF shall not be applied, or shall be removed when the U.S. Immigration and Customs Enforcement (ICE) or the Executive Office for Immigration Review (EOIR) have determined that deportation proceedings are unwarranted or there is a finding not to deport at the completion of deportation proceedings. The Institution Hearing Program CMA of NO IHP or IHP CMP ND will then be applied. Additionally, the PSF shall not be applied if the inmate has been naturalized as a United States citizen.
- I Sentence Length.** A **male** inmate with more than ten years remaining to serve will be housed in at least a Low security level institution unless the PSF has been waived.
- A **male** inmate with more than 20 years remaining to serve will be housed in at least a Medium security level institution, unless the PSF has been waived.
- A **male** inmate with more than 30 years remaining to serve (including non-parolable LIFE sentences) will be housed in a High security level institution unless the PSF has been waived.
- K Violent Behavior.** A **female** inmate whose current term of confinement or history involves two convictions (or findings of commission of a prohibited act by the DHO) for serious incidents of violence within the last five years will be assigned to at least a Low security level institution, unless the PSF has been waived.

- L Serious Escape.** A **female** inmate who has been involved in a serious escape within the last ten years, including the current term of confinement, will be assigned to the Carswell Administrative Unit, unless the PSF has been waived.
- A **male** inmate who has escaped from a secure facility (prior or instant offense) with or without the threat of violence or who escapes from an open institution or program with a threat of violence will be housed in at least a Medium security level institution, unless the PSF has been waived.
- M Prison Disturbance.** A **male** or **female** inmate who was involved in a serious incident of violence within the institution and was found guilty of the prohibited act(s) of Engaging, Encouraging a Riot, or acting in furtherance of such as described in, but not limited to institution disciplinary codes such as 103, 105, 106, 107, 212, 213 or 218. Males will be housed in at least a HIGH security level institution and females will be assigned to the Carswell Administrative Unit, unless the PSF has been waived.
- N Juvenile Violence.** A **male** or **female** offender, currently of juvenile age, who has any documented single instance of violent behavior, past or present, which resulted in a conviction, a delinquency adjudication, or finding of guilt. Violence is defined as aggressive behavior causing serious bodily harm or death or aggressive or intimidating behavior likely to cause serious bodily harm or death (e.g., aggravated assault, intimidation involving a weapon, or arson).
- O Serious Telephone Abuse.** A **male** or **female** inmate who utilizes the telephone to further criminal activities or promote illicit organizations and who meets the criteria outlined below, must be assigned a PSF for Serious Telephone Abuse. A conviction is **not required** for the PSF if the Presentence Investigation Report (PSR) or other official documentation clearly indicates that the above behavior occurred or was attempted. An inmate who meets this criteria must be housed in at

least a Low security level institution, unless the PSF is waived.

The PSF should be entered if any **one** of the following criteria applies.

- (1) PSR or comparable documentation reveals the inmate was involved in criminal activity facilitated by the telephone who:
 - meets the definition of a leader/organizer or primary motivator; or
 - utilized the telephone to communicate threats of bodily injury, death, assaults, or homicides; or
 - utilized the telephone to conduct significant fraudulent activity (actual or attempted) in an institution; or

- (3) The inmate has been found guilty of a 100 or 200 level offense code for telephone abuse.

NOTE: 200 level offense codes will be reviewed on a case-by-case basis.

- (4) A Bureau of Prisons official has reasonable suspicion and/or documented intelligence supporting telephone abuse.

NOTE: Any inmate who is assigned the Serious Telephone Abuse PSF may be subject to telephone restriction in accordance with the Telephone Regulations for Inmates Program Statement.

CUSTODY CLASSIFICATION FORM INSTRUCTIONS (BP-338)

INTRODUCTION. Custody classification is a procedure whereby an inmate is assigned a level of supervision according to their criminal history and institutional behavior/adjustment. An inmate's custody level is an indication of how much staff supervision an inmate requires within and beyond the confines of the institution.

An inmate's first custody classification will be scored at the first program review following initial classification (approximately 7 months after arrival at an institution). Subsequent reviews will occur at least every 12 months, but may be conducted earlier in order to enable progress toward community activities. Custody classification will ordinarily occur every 12 months at a regularly scheduled program review. Only changes which increase or decrease the overall security level assignment of the inmate, i.e. FRP refuse, incident report(s), new sentence, sentence reduction etc., should be scored outside of the 12 month cycle.

When transferring to another institution, inmates normally retain their custody assignments. If the custody level is inconsistent with that authorized at the receiving institution, the sending institution will change the inmate's custody prior to transfer. Holdovers will retain their initial custody level assignments until their first regularly scheduled custody review at their designated facility for service of sentence.

At each annual custody review, a new Custody Classification Form (BP-338) will be completed, even though the scoring elements may not have changed from the previous form. Only the most current BP-338 form will be retained in the Inmate Central File, except for those forms that must be retained to document appropriate review and approval for custody reductions (e.g., custody reductions for exception cases require the Warden, or designee, to sign the Custody Classification Form. The form should be maintained to document the review and approval). As set forth in the definition of "Maximum" custody, Chapter 2, a BP-338 form changing an inmate's custody to or from "Maximum" custody must be permanently maintained.

It should be clearly understood that the Custody Classification Form only recommends an inmate's custody. The Unit Team and/or Warden is the final review authority. The intent of the Custody Classification system is to permit staff to use professional judgment within specific guidelines. Custody changes are not

P5100.08

Chapter 6, Page 2

dictated solely by the point total. However, when the Unit Team decides not to follow the recommendation of the point total, they must document the reason(s) for this decision in writing on the Custody Classification Form, and inform the inmate.

B. BASE SCORING

1. TYPE OF DETAINER

1. TYPE OF DETAINER	0 = NONE	3 = MODERATE	7 = GREATEST
	1 = LOWEST/LOW MODERATE	5 = HIGH	

Enter the appropriate number of points that reflect the inmate's detainer status. Refer to the Offense Severity Scale (Appendix A). If multiple detainers have been filed, enter the point value for the most serious charge. Frequency and sentence length are not considered.

The scoring of detainers on the Inmate Load and Security Designation Form (BP-337) may differ from the score received on the Custody Classification Form (BP-338). If there is a pending charge, points based on the documented behavior are assigned on

P5100.08

9/12/2006

Chapter 6, Page 3

the type of detainer item; if the pending charge involves a probation violation, use the most severe documented behavior from the original offense as the basis for assigning points in the detainer scoring. Only formally filed detainers are considered on the Custody Classification Form after the second regularly scheduled custody review.

- Score consecutive state sentences, lodged state detainers and/or state parole violation terms/warrants as detainers. Inmates should be informed that it is vitally important that all pending charges and detainers be resolved as quickly as possible so that institution programming and release planning can occur.
- Score concurrent state sentences, as a detainer only if it is expected that the state sentence will exceed the federal sentence and the state has formally filed a detainer. Other formally filed state pending charges, consecutive sentences, and/or parole violation term/warrants will be scored as detainers. Points will be assigned the same as they would be for a federal violation (see page 4 of this Chapter for further instructions).
- No points will be awarded for U.S. Parole Commission warrants (adjudicated or unadjudicated). However, the original offense behavior will be factored into the criminal history points and the violation behavior (including new offense behavior) will be scored as the current offense.
- No points will be assigned for ICE detainers. However, each case will be carefully reviewed to determine whether the PSF for Deportable Alien is applicable.
- If a formally filed detainer involves a probation violation, use the most severe documented behavior in the original offense as the basis for assigning points in the detainer scoring chart above.

2. SEVERITY OF CURRENT OFFENSE

2. SEVERITY OF CURRENT OFFENSE	0 = LOWEST 1 = LOW MODERATE	3 = MODERATE 5 = HIGH	7 = GREATEST	
--------------------------------	--------------------------------	--------------------------	--------------	--

Enter the appropriate number of points that reflect the most severe documented instant offense behavior. For multiple offenses, the highest score will be used when scoring the current offense. Staff will consider the offense behavior of all sentences, including federal sentences that have a future

P5100.08

9/12/2006

Chapter 6, Page 4

beginning date or a prior state or D.C. sentence if there was no physical release from custody.

Severity is determined by using the Offense Severity Scale (Appendix A). Do not use instant offense behavior to also assign points on the "history" items on the Custody Classification Form.

Example: According to the Presentence Investigation Report, the individual was involved in an Assault With Serious Injury (Greatest severity level) but pled guilty to a Simple Assault (Moderate severity level). Assign the points on the basis of the more severe documented behavior, i.e., assign 7 points (Greatest severity level). Do not use the current term of confinement information to assign points on the "history" items (numbers 5 and 6 on the Security Designation Data section of the BP-337).

In determining "Severity of Current Offense" staff must review the Statement of Reasons, (attachment to the Judgment) and ensure the information provided is appropriately used in classifying the inmate.

Example: According to the Presentence Investigation Report the individual was involved in a drug conspiracy responsible for distribution of 31 grams of cocaine base "Crack", but was individually only responsible for 2 grams, he/she would be scored as Moderate Severity in this category. However, the **STATEMENT OF REASONS**, indicates the Judge found the individual responsible for less than 1 gram; therefore, the appropriate scoring should be Low Moderate Severity.

- **Procedures for Parole, Mandatory Release, Special Parole Term, or Supervised Release Violator**

If the violation was the result of new criminal conduct, regardless of conviction status, use the new criminal conduct for scoring "Severity of Current Offense" (see Appendix A). If the violation behavior was a technical violation, score the "Severity of Current Offense" as Low Moderate Severity.

The original offense behavior which occurred prior to the violation is considered past behavior and is not used in determining "Severity of Current Offense."

P5100.08
 9/12/2006
 Chapter 6, Page 5

● **Procedures for Probation Violator**

The original offense behavior that resulted in probation should be used for scoring "Severity of Current Offense" (see Appendix A).

However, if the new criminal conduct (violation behavior) is more severe than the original offense behavior, then use this behavior for scoring "Severity of Current Offense." The most severe documented behavior between the original offense and the violation behavior is to be used for scoring "Severity of Current Offense."

3. MONTHS TO RELEASE DATE

3. MONTHS TO RELEASE

If there is a current and valid sentence computation in SENTRY, SENTRY will automatically enter the number of months remaining into this field. If however, there is not a complete Sentence Computation/Projected Release Date in SENTRY, this entry must be manually computed. This item is not figured into the security point total but impacts the Sentence Length Public Safety Factor.

4. CRIMINAL HISTORY SCORE

4. CRIMINAL HISTORY SCORE	0 = 0-1 2 = 2-3	4 = 4-6 6 = 7-9	8 = 10-12 10 = 13 +	
---------------------------	--------------------	--------------------	------------------------	--

SENTRY will automatically insert the score that was entered for this item on the BP-337. If this item was not entered on the BP-337, insert the appropriate number of points that reflect the Criminal History Score. For further details on Criminal History Score see Chapter 4, Section 8.

5. HISTORY OF ESCAPE OR ATTEMPTS

5. HISTORY OF ESCAPE OR ATTEMPTS	NONE	>15 YEARS	10-15 YEARS	5-10 YEARS	<5 YEARS	
MINOR	0	1	1	2	3	
SERIOUS	0	3(S)	3(S)	3(S)	3(S)	

Enter the appropriate number of points that reflect the escape history of the individual, considering only those acts for which there are documented findings of guilt (i.e., DHO, Court, Parole, Mandatory Release, or Supervised Release Violation). Escape History includes the individual's entire background of escapes or attempts to escape from confinement, or absconding from community supervision, excluding the current term of confinement.

P5100.08

9/12/2006

Chapter 6, Page 6

EXCEPTION: Any institution disciplinary hearing (UDC or DHO) finding that a prohibited act was committed during the current term of confinement will be scored as a history item.

State disciplinary findings are scored unless there is documentation that the state disciplinary proceedings did not afford due process protection to the inmate.

Fleeing or Eluding Arrest, Failure to Appear for traffic violations, runaways from foster homes and similar behavior should not be scored under the Escape History item, even if clearly documented, but should be considered on a case-by-case basis under the Management Variable "Greater Security." Failure to Appear or Flight to Avoid Prosecution for any offense however, must be counted when there is a documented finding of guilt.

In determining time frames, use the date of the documented occurrence. Documented information from juvenile or YCA adjudications can be used unless the record has been expunged or vacated.

Minor History of Escape - An escape from an open institution or program (e.g., minimum security facility, CCC, furlough) not involving any actual or threat of violence. Also includes military AWOL, Bail Reform Act, Flight to Avoid Prosecution, and Absconding from Community Supervision. There must be a finding of guilt.

Serious History of Escape - An escape from secure custody with or without threat of violence. Also includes escapes from an open facility or program with actual threat of violence. There must be a finding of guilt. S = 3 points and requires application of PSF L.

6. HISTORY OF VIOLENCE

6. HISTORY OF VIOLENCE	NONE	>15 YEARS	10-15 YEARS	5-10 YEARS	<5 YEARS	
	MINOR	0	1	1	3	5
	SERIOUS	0	2	4	6	7

Enter the appropriate number of points that reflect any history of violence, considering only those acts for which there are documented findings of guilt (i.e., DHO, Court, Parole, Mandatory Release, or Supervised Release Violation). This item includes the individual's entire background of criminal violence, excluding the current term of confinement.

P5100.08

9/12/2006

Chapter 6, Page 7

EXCEPTION: Any institution disciplinary hearing (UDC or DHO) finding that a prohibited act was committed during the current term of confinement will be scored as a history item.

State disciplinary findings are scored unless there is documentation that the state disciplinary proceedings did not afford due process protection to the inmate.

Severity of violence is determined by the offense behavior regardless of the conviction/finding of guilt offense. History of Violence points combine both seriousness and recency of prior violent incidents to assess the propensity for violent behavior, where more points mean greater risk. Therefore, if there is more than one incident of violence, score the combination of seriousness and recency that yields the highest point score. Prior periods of incarceration will be considered a "history" item if the inmate was physically released from custody and then returned to serve either a violation or a new sentence. In determining time frames, use the date of the documented behavior. Documented information from juvenile or YCA adjudication can be used unless the record has been expunged or vacated.

Minor History of Violence - Aggressive or intimidating behavior which is not likely to cause serious bodily harm or death (e.g., simple assault, fights, domestic disputes, etc.) There must be a finding of guilt.

Serious History of Violence - Aggressive or intimidating behavior which is likely to cause serious bodily harm or death (e.g., aggravated assault, domestic violence, intimidation involving a weapon, incidents involving arson or explosives, rape, etc.). There must be a finding of guilt.

Example: If an offender was found guilty of homicide 20 years ago and a simple assault 3 years ago, assign 5 points for the simple assault. Or in another case, the offender had guilty findings for homicide 12 years ago; aggravated assault 8 years ago; and fighting 2 years ago, score 6 points for the aggravated assault 8 years ago.

NOTE: Attempted suicide, self-mutilation and possession of weapons are not applicable behaviors for History of Violence scoring. In addition, verbal threats (such as Code 203- Threatening Bodily Harm) are to be viewed as minor violence.

7. VOLUNTARY SURRENDER

7. VOLUNTARY SURRENDER	0 = NOT APPLICABLE	(-3) = VOLUNTARY SURRENDER	
------------------------	--------------------	----------------------------	--

This item allows for the subtraction of three points from the "Base Score" (Item 11 below), when the Judgement indicates the inmate was ordered to voluntarily surrender. Enter the appropriate number of points. For purposes of this item, voluntary surrender means the inmate was not escorted by a law enforcement officer to either the U.S. Marshals Office or the place of confinement.

NOTE: Supervised Release, Mandatory Release, and Parole Violators will not receive credit for Voluntary Surrender even if it is approved by the court.

8. AGE

8. AGE	0 = 55 and over	4 = 25 through 35	
	2 = 36 through 54	8 = 24 or less	

SENTRY will automatically cross-reference the inmate's date of birth and assign the appropriate number of points that reflect his or her age. Staff do not have to manually enter an offender's age.

9. EDUCATIONAL LEVEL

9. EDUCATION LEVEL	0 = Verified High School Degree/GED	
	1 = Enrolled in and making satisfactory progress in GED Program	
	2 = No verified High School Degree/GED & not participating in GED Program	

Enter the appropriate number of points, that reflect the inmate's education level as verified by the Education Department.

NOTE: The scoring of this item on the Custody Classification form differs from the scoring on the Security Designation form. Therefore, unit staff must reconcile information obtained since the inmate's previous score on this item.

In addition to the points assigned for the education level, the highest grade completed (HGC) will also be recorded on the BP-337. For example an inmate who began but did not complete the 7th grade will be given a 6 in the HGC field. Similarly, a GED will be given a 12, a college graduate a 16, a Master's degree an 18, and a Ph.D. a 21 (the maximum allowed) in the HGC field.

10. DRUG/ALCOHOL ABUSE

10. DRUG/ALCOHOL ABUSE	0 = Never/>5 Years	1 = <5 Years	
------------------------	--------------------	--------------	--

Enter the appropriate number of points that reflect drug or alcohol abuse by the inmate. Examples of drug or alcohol abuse include: a conviction of a drug or alcohol related offense, a parole or probation violation based on drug or alcohol abuse, positive drug test, a DUI, detoxification, etc. Absent any information similar to the above, an inmate's self report is sufficient to score this item. If this information is unknown, enter a "U" and the item will be scored as zero.

11. BASE SCORE

11. BASE SCORE (ADD B. ITEMS 1 - 10)	
--------------------------------------	--

SENTRY will compute the base score based upon the points entered for Items 1 - 10 (excluding Item 3). In cases where the total results in a negative number the base score will be set at zero.

C. CUSTODY SCORING

1. PERCENTAGE OF TIME SERVED

1. PERCENTAGE OF TIME SERVED	3 = 0-25%	5 = 76-90%	
	4 = 26-75%	6 = 91+%	

Enter the number of points that reflect the percentage of time the inmate has already served on the present commitment at the time of the review. To determine the percent, divide the number of months already served on the present sentence by the number of months of incarceration the inmate will have served upon reaching his/her projected release date. If applicable, give credit for jail time.

Example: An inmate has served 15 months (14 months at the institution, plus credit for one month jail time) of an anticipated total of 78 months of confinement.

$$\frac{\text{Actual Time Served}}{\text{Anticipated Time in Confinement}} = \frac{15}{78} = 19.2\%$$

Enter "3" , since 3 represents a range of 0 to 25%.

2. PROGRAM PARTICIPATION

2. PROGRAM PARTICIPATION	0 = POOR	1 = AVERAGE	2 = GOOD	
--------------------------	----------	-------------	----------	--

Enter the appropriate number of points that reflect the inmate's level of initiative in programming. This is based on the inmate's active program involvement, eg. RPP, FRP, Drug education or Treatment Programs, education programs, or any other suitable programs as recommended by the Unit Team. Unit Teams should score this area at the time of the custody review so input may be gained from all classification team members.

NOTE: Inmates in "FRP Refuse", "RPP Refuse", or who refuse to participate in mandatory drug education or treatment programs will be scored with 0 points regardless of any other programs achievements. Otherwise, assign points as follows:

GOOD - The inmate actively participates in multiple recommended programs.

AVERAGE - The inmate could be participating in multiple recommended programs but chooses to be involved in one at a time. This also includes inmates who are on official waiting lists for programs recommended by the Unit Team.

POOR - No program involvement, refuses to participate, or poor participation in programs in which he/she is enrolled.

3. LIVING SKILLS

3. LIVING SKILLS	0 = POOR	1 = AVERAGE	2 = GOOD	
------------------	----------	-------------	----------	--

Enter the appropriate number of points that reflect the inmate's living skills during the past 12 months. This is based on the inmate's demeanor, attitude, personal accountability and nature of interaction with staff and other inmates. Incident Reports in and of themselves are not the determining factor in assessing the points on this item; however, the underlying behavior(s) may influence the scoring of this item. Unit Teams should score this item at the time of the custody review so input may be gained from all classification team members.

NOTE: Inmates in "FRP Refuse", "RPP Refuse", or who refuse to participate in mandatory drug education or treatment programs will be scored with 0 points regardless of any other programs achievements. Otherwise, assign points as follows.

P5100.08

9/12/2006

Chapter 6, Page 11

GOOD - The inmate fully complies with staff expectations. He/she consistently receives outstanding sanitation and work reports and impresses staff as a "model inmate" in all other aspects of adjustment. He/she has developed a good rapport with staff. This high level of responsibility is consistent throughout the year.

While behavior(s) of a minor concern may occur occasionally, they do not detract from the inmate's overall favorable performance. He/she is perceived by staff as attempting to program in a positive manner. Some examples of such behavior(s) are as follows:

- Rare property/sanitation related counseling necessary; however, not as the result of or leading to an Incident Report or extra duty;
- Work reports that are excellent overall, though not all evaluation elements are rated as "outstanding;" and,
- Uncharacteristic instances of staff reported negative interactions or behavior that do not result in Incident Reports.

AVERAGE - The inmate generally complies with staff expectations although falls short of providing a full and complete effort. He/she has been counseled about sanitation, work performance and/or other aspects of adjustment; however, the inmate is not viewed as problematic. The inmate's rapport with staff is satisfactory. The inmate presents well personally; however, he/she fails to display any significant motivation for self-improvement.

POOR - The inmate consistently fails to meet staff expectations as evidenced by poor quarters sanitation, personal hygiene, negative interaction with staff/peers, or poor work reports.

Enter the points that reflect the most serious Incident Report(s) received by the inmate. This is determined by using the Institution Disciplinary Codes and Sanctions Severity Scale. Points are assigned based on the most severe Incident Report(s) for which the inmate has been found guilty by either the Unit Disciplinary Committee (UDC) or the Discipline Hearing Officer

P5100.08

(DHO), within the specified time frames. Points are to be assigned only for the current period of incarceration.

NOTE: Disciplinary findings while an inmate is housed under BOP authority in non-BOP correctional facilities should be scored if received during the current period of incarceration unless there is documentation that the disciplinary proceeding(s) did not afford due process protection to the inmate.

Example: If an inmate has been found guilty of three HIGH severity Incident Reports within the past two years, he/she would receive a score of "1." If the inmate has only received one HIGH severity incident report within the past two years, the inmate would receive a score of "2(a)."

NOTE: Greatest severity Incident Reports merit a score of "0" regardless of the total number received in the last ten years.

The letter characters assigned to numerical scores 2 and 3 are merely used to differentiate between these items which have identical numerical values. The letter character is not used for computation.

NOTE: For supervised release, mandatory release, and parole violators, Incident Reports received during a previous period of confinement should be used, if they apply, for scoring "History of Escape or Violence," and "Drug/Alcohol Abuse." However, Incident Reports received during a previous period of confinement will not be counted when scoring "Type and Number of Most Serious Incident Reports" and "Frequency of Incident Reports" since this behavior occurred during a previous period of confinement. Only Incident Reports received during the current supervised release and parole violator term will be counted in these categories.

5. FREQUENCY OF INCIDENT REPORTS

5. FREQUENCY OF INCIDENT REPORTS (IN PAST YEAR)	0 = 6+ 1 = 2 THRU 5	2 = ONE 3 = NONE

This is determined by assigning points based on the number of Incident Reports for which the inmate has been found guilty by

either the Unit Discipline Committee or the Discipline Hearing Officer during the past 12 months.

6. FAMILY/COMMUNITY TIES

6. FAMILY/COMMUNITY TIES	3 = NONE OR MINIMAL	4 = AVERAGE OR GOOD	
--------------------------	---------------------	---------------------	--

Enter the number of points that reflect the level of family and community ties. This is based on the inmate's efforts to build, maintain and strengthen family/community ties rather than the unilateral efforts of the family/community to provide support and assistance to the inmate. Consideration should be given to the following:

- Financial support (not to include FRP participation);
- Visiting (consider inmate's efforts in establishing visiting list, frequency of visits, and who is visiting);
- Development of phone list with focus on family, employment, and community;
- Sending and receiving regular correspondence;
- Participation in Institution Release Preparation Program and institution sponsored mock job fairs;
- Involvement in parenting program and other family oriented activities;
- Contacts with social service providers to promote/enhance family stability (i.e., school guidance counselors, welfare workers, treatment providers);
- Contact with Prisoner Visitation Services;
- Participation in institution sponsored community service opportunities (i.e., Toys for Tots, Make a Wish Foundation, community gardens, Special Olympics); and,
- Voluntary involvement with community activities.

Score each inmate based on his/her unique circumstances while focusing on what the inmate does to maintain, build or strengthen these ties. To best accomplish this, Unit Teams should score this item at the custody review so input can be gained from all classification team members and possibly even the inmate.

P5100.08

Chapter 6, Page 14

Examples:

Inmates who demonstrate no initiative to further and/or enhance relationships with supportive parents/spouse/children should be scored as "none or minimal." (e.g., visiting and phone lists that do not include family members, no effort to provide financial support for children);

Inmates with limited financial resources who have parents/spouse/children living significant distances from their designated facilities, and request to have these family members placed on their visiting and phone lists, and send and receive frequent letters from family and make phone calls to them when funds are available. These inmates score as "average or good;" and,

Inmates with no surviving parents, siblings, spouse, or children may receive an "average or good" rating by developing contacts through Prisoner Visitation Services (PVS) and participation in community based activities and community service opportunities.

8. CUSTODY VARIANCE

8. CUSTODY VARIANCE (FROM APPROPRIATE TABLE ON BP-338, PAGE 2)	
--	--

The Custody Variance adjusts the inmate's total security points as specified in Tables 6-1(M) and 6-1(F) based upon the inmates custody score. If the appropriate table indicates a value other than zero the application of the Custody Variance will:

- add points to the base score, thus raising the security level and increasing the custody (when the value is positive); or,
- subtract points from the base score, thus lowering the security level and decreasing the custody (when the value is negative).

Example: A male inmate has a Base Score of 17 points and a Custody Total of 11 points. By using the Custody Variance Matrix, the intersecting point for these two items is +3. Thus, +3 is the Custody Variance score that will be entered on Item 8, Section C.

Apply the Custody Variance Score to the Base Score, and enter the result on Item 10, Section C.

Example: An inmate has a Base Score of 16 and a Custody Variance Score of +4. By applying +4 to 16, a Security Total of 20 is obtained and entered on Item 9, Section C.

NOTE: If the Custody Variance score is 0, the figure entered will be exactly the same as the Base Score. If the application of the Custody Variance to the Base Score results in a negative number, use 0.

10. SCORED SECURITY LEVEL

10. SCORED SECURITY LEVEL _____

An inmate's Security Level is determined by the Security Total and any applicable Public Safety Factors (see Chapter 5).

11. MANAGEMENT SECURITY LEVEL (MSL)

11. MANAGEMENT SECURITY LEVEL _____

A Security Level which is entered by the DSCC or Central Office upon application of any of the three MSL Management Variables (PSF Waived, Greater Security, Lesser Security). The MSL overrides the inmate's scored security level. If there was a previously entered MSL, it will automatically appear in this position.

12. CUSTODY CHANGE CONSIDERATION

To determine eligibility for a custody change, the following procedures apply:

- If the Custody Variance Score (Section C, Item 8) is in the positive (+) range, consider a custody increase;
- If the Custody Variance Score (Section C, Item 8) is 0, the inmate's present custody is continued; or,
- If the Custody Variance Score (Section C, Item 8) is in the negative (-) range, consider a custody decrease.

SECTION D. INSTITUTION ACTION

1. TYPE OF REVIEW

1. TYPE OF REVIEW (EXCEPTION OR REGULAR)	
--	--

An inmate should be handled as an exception case if there is documentation of the following:

P5100.08

9/12/2006

Chapter 6, Page 17

- **Public Safety Factors.** Any inmate with a PSF. If the PSF has been waived the case is still considered an exception;
- **Central Inmate Monitoring Assignment.** An inmate with a CIM assignment, excluding state prisoners and separation cases; or,
- **Other.** The Warden may specify in writing other offenses or cases that require exception review.

If the inmate does not meet any of the above criteria the "Type of Review" will be "Regular." For Regular Cases, the Unit Team has authority to make custody assignments, and the Unit Manager is the signature authority on the BP-338. For Exception Cases, the Warden or designee is the approving official and retains signature authority for the BP-338 whenever there is a decrease in custody. Unit staff will indicate on the BP-338 form the reason for the Exception Case, only in those instances in which the unit team will make a recommendation for a reduction in custody level.

2. CURRENT CUSTODY

2. CURRENT CUSTODY (MAXIMUM, IN, OUT, COMMUNITY)	
--	--

Check the proper code for the inmate's current custody:

MAX = MAXIMUM, IN = IN, OUT = OUT, COM = COMMUNITY

3. NEW CUSTODY

3. NEW CUSTODY (MAXIMUM, IN, OUT, COMMUNITY)	
--	--

Check the proper code for the inmate's new custody:

MAX = MAXIMUM, IN = IN, OUT = OUT, COM = COMMUNITY

As indicated below, the Custody Classification Form only recommends; the final decision rests with the review authority. With the exceptions noted previously in Item 1, Type of Review, the Unit Team has the following options:

P5100.08

9/12/2006

Chapter 6, Page 18

Table 6-2

BP-338 FORM RECOMMENDS	CLASSIFICATION TEAM OPTIONS
Custody Increase(+) range	Increase custody one level or Continue same custody assignment and document why
Custody Decrease(-) range	Decrease custody one level or Continue same custody assignment and document why
Continue Present Custody	Continue same custody assignment or (Refer to the Warden, see below)

The custody level should normally be reduced or increased by only one level (i.e., a reduction of IN would be to OUT, not to COMMUNITY; an increase from COMMUNITY would be to OUT, not to IN). However, an exception regarding increases can be made for disciplinary cases involving prohibited acts of the Greatest Severity or escape, provided it is justified by the Unit Team in a memo to the inmate's central file with a copy to the inmate.

Additionally, transfer to a CCC may require the custody level to be decreased more than one level. If the inmate is receiving a custody reduction solely for the purpose of transferring to a CCC, a new Custody Classification Form (BP-338) does not need to be completed. Approval for a decrease to COMMUNITY custody is granted by virtue of the Warden's approval and signature on the Institution Referral for CCC Placement (BP-210).

While it is mandatory that COMMUNITY custody be effected at the time of transfer, it may not be appropriate to reduce the inmate's custody level prior to the date of transfer (e.g., it would not be appropriate for an IN custody inmate at a MEDIUM security level institution to have COMMUNITY custody while still housed at the institution). In such cases, upon receipt of a CCC acceptance date, a SENTRY future assignment would be established for the date of transfer. The effective time for the reduction would be 12:01 AM. An inmate must be assigned COMMUNITY custody status prior to transfer to a CCC.

If the Custody Variance (Section C, Item 8) is zero (Continue Present Custody), and the Unit Team believes that there is a compelling reason to change the inmate's custody, the Unit Team will refer the case to the Warden, who is the deciding official.

INMATE TRANSFER

TRANSFER PROCEDURES. Transfers (also known as redesignations) are used to move inmates from one institution to another as needed, with each type of transfer having a specific objective. The following are some of the more frequent reasons for a transfer:

- institution classification;
- nearer release;
- disciplinary/close supervision;
- adjustment;
- medical/psychological treatment;
- temporary transfers;
- training purposes/program participation;
- Institution Hearing Program;
- pre-release; and,
- transfers from CCC's.

After review and approval by the Unit Team, a transfer request is submitted via the Request for Transfer/Application of Management Variable (409) to the DSCC. The procedures for completing the 409 are outlined below and may only be waived or modified with the approval of the Assistant Director, Correctional Programs Division, Washington, D.C. or his/her designee.

1. **Inmate's Medical Status.** Include current, complete, and accurate available information concerning any medical problem that might affect redesignation;

2. **Institution Adjustment.** Include a brief description of the inmate's adjustment during this period of incarceration with emphasis on recent adjustment;

3. **Rational for Referral.** Include a complete, specific justification and support for the requested action;

4. **Parole Hearing Scheduled.** Indicate whether or not the inmate is eligible for a parole hearing. If yes, indicate the date of the hearing. (See SALLYPORT for a current listing of parole/non-parole institutions).

5. **Past or Present Behavior and/or Management Concerns.** Note any past or present behavior and/or management concerns which may affect placement (i.e., history of arrests or disruptive behavior

P5100.08

9/12/2006

Chapter 7, Page 2

which may not have resulted in a conviction, inmates preference regarding this request, etc.). Also note any Security Threat Group concerns/associations. In addition, it is necessary for staff to closely review each case submitted for any CIM concerns. Any CIM concerns should be noted on the 409 if applicable. However, it is not necessary for staff to route a Request for CIM Activity Clearance with each transfer request since CIM activity clearance is included in the redesignation for all CIM assignments except WITSEC cases. Redesignations between same security level institutions are discouraged, except for CIM purposes, nearer release purposes, or other unusual circumstances. Copies of all transfer requests for Disruptive Group Members will be forwarded to the Intelligence Section, Central Office, via GroupWise upon approval of the transfer. Additionally, the institution Special Investigative Supervisor should also receive a copy of the transfer request; and

6. **BP-337/BP-338 Discrepancies.** Include a brief description of any scoring changes between the BP-337 and BP-338.

Complete all required information, then route the request through normal institutional review channels for approval by the CEO. After approval by the CEO, it may be routed to the DSCC Administrator from the unit's mailbox. The Unit Team will enter the appropriate "DST" assignment (see below) into SENTRY as confirmation that a redesignation request has been submitted to the DSCC or OMDT. Enter this SENTRY assignment under the "DST" category using the "Update Inmate Assignment" transaction.

- Enter "W REDES R" if the transfer request is for a routine transfer.
- Enter "W REDES M" if the transfer request requires a review by the OMDT (Medical Designator).

Once the e-mail requesting redesignation is received, DSCC staff will at a minimum review the following SENTRY transactions to determine if the inmate is appropriate for redesignation:

CIM Clearance and Separatee Data;
Inmate Load Data;
Inmate Profile;
Custody Classification Form;
Security/Designation Data Form; and,
Chronological Disciplinary Record.

If the transfer is approved, DSCC staff will enter the information and the appropriate destination (DST) assignment in SENTRY on the "Enter Redesignation" screen and will also note the

P5100.08

9/12/2006

Chapter 7, Page 3

approved institution transfer code. The method of transportation is at the discretion of the Warden. Should a change in DST be required, DSCC staff will make the change in SENTRY prior to the inmate's arrival at the designated institution.

If the transfer is denied, DSCC staff will indicate the denial on the "Update Inmate Remarks" screen and will also delete the "W REDES" from SENTRY. Unit staff should closely monitor SENTRY for deletions of the "W REDES" transaction.

1. INSTITUTION CLASSIFICATION TRANSFERS. These transfers are typically referred to as either "Lesser Security" (Code 308) transfers or "Greater Security" (Code 307) transfers.

a. Security Level Changes

(1) When a decrease in the inmate's security level is indicated by the Custody Classification Form, transfer of the inmate to a lower security level institution should be considered.

(2) Likewise, an increased security level may be indicated in a similar fashion. The security total may increase to a higher security level range.

If an updated security scoring, combined with Public Safety Factors, indicate that an inmate is rated at a different security level, the inmate must be referred to the DSCC for either transfer or application of a Management Variable. For example, if an inmate in a Low security level institution is reclassified to Minimum security, the case must be referred for transfer or application of a Management Variable. If transfer is denied, DSCC staff will apply an appropriate Management Variable and add a Management Security Level, if applicable.

b. Custody Level Changes. During an inmate's custody review, a custody level may be increased or decreased (ordinarily, only one level at a time) indicating a transfer is appropriate. For example:

(1) A Medium security level inmate has OUT custody, and becomes eligible for COMMUNITY custody. If the Unit Team decides to reduce custody, the inmate would normally be referred for redesignation to a Low or Minimum security level facility, since Medium security level institutions do not house COMMUNITY custody inmates. If approved for transfer by the DSCC, the Management Variable of Lesser Security will be applied and the Management Security Level will be changed accordingly.

P5100.08

9/12/2006

Chapter 7, Page 4

(2) An inmate's transfer to a higher security institution could be triggered by an increase in custody needs. For example, a Medium security level inmate with IN custody becomes eligible for a custody increase. The team agrees to increase the custody to Maximum. Since Medium security level facilities are not authorized to house Maximum custody inmates, the inmate must be referred for transfer to a High security level institution and the MSL changed in accordance with the application of an MGTV.

2. NEARER RELEASE TRANSFERS (Code 313). Nearer release transfers move the inmate closer to their legal residence or release destination, consistent with their security level. Inmates may be considered for a nearer release transfer only after serving 18 consecutive months of clear conduct in a general population. Nearer release transfers should be incorporated with "Lesser Security" transfers whenever possible. Once the inmate has been transferred within 500 miles of his or her release residence, no further referrals will be made for nearer release transfer consideration.

Transfer to a facility in an area other than the inmate's legal residence or sentencing district may be considered by the inmate's Unit Team provided the inmate can provide strong evidence of community and/or family support. Institution staff should use sound correctional judgment when reviewing such requests for transfer to ensure the transfer is consistent with guidelines established in this chapter.

Inmates with an Order for Deportation, an Order of Removal, an ICE detainer for an unadjudicated offense(s) or an ICE detainer for a hearing will not be transferred for nearer release purposes since they will be returning to the community outside, rather than inside, the United States upon release.

3. WITSEC TRANSFERS. All movement of Witness Security cases is coordinated exclusively through the Inmate Monitoring Section of the Correctional Programs Branch, Central Office. Witness Security cases will not be transferred without authorization from that office. Witness Security inmates who require medical or mental health treatment at a medical center must also be approved by the Medical Designator.

If the inmate is classified as a WITSEC case, a copy of the medical referral will be sent simultaneously to the Inmate Monitoring Section (IMS) and the Medical Designator. The Inmate Monitoring Section will coordinate with the OMDT regarding an appropriate placement. Placement will be based on available medical resources, security needs, bed space availability, and

P5100.08

9/12/2006

Chapter 7, Page 5

the inmate's need for medical care. IMS will enter activity clearances for WITSEC cases.

4. DISCIPLINARY/CLOSE SUPERVISION TRANSFERS (Codes 309/323). An act(s) of documented institution misconduct may result in an inmate's transfer to another institution, normally of greater security, for disciplinary reasons. Wardens may recommend same security level transfers only when placement at a greater security level institution is not possible or other overriding circumstances exist.

Disciplinary or Close Supervision transfer requests will be sent electronically to the DSCC Administrator and contain the following information:

- (a) Request for Transfer/Application of Management Variable (must be thorough and specific);
- (b) Close Supervision investigation report, if requested; and,
- (c) Intelligence data or supporting memorandum if requested.

Institution staff should carefully review the management of 309/323 cases on an individual basis, applying sound correctional judgment that considers the safety and security of the inmate, the institution and its staff and the community.

5. ADJUSTMENT TRANSFERS (Code 330). All transfer referrals submitted as Code 330 transfers for adjustment purposes will be reviewed by the DSCC. Adjustment purposes transfer requests will be sent electronically to the DSCC Administrator via Form 409. DSCC staff will ensure that the transfer does not meet the requirements of an unverified protection transfer, Code 323.

6. MEDICAL AND PSYCHIATRIC TRANSFERS (Codes 331-336 and 338, 339). Medical designations and transfers are approved by the Central Office Medical Designator, Office of Medical Designations and Transportation (OMDT). The Central Office Medical Designator assigns inmates to Medical Referral Centers (MRC), institutions with medical resources, or non-Bureau community care centers to provide needed medical services. Medical redesignations are initiated for inmates with acute medical, surgical, or psychiatric condition, or for those inmates who have chronic care needs that cannot be addressed at the parent institution. Transfers will be classified as either (a) Emergency, (b) Routine/Urgent, or (c) Routine.

P5100.08

9/12/2006

Chapter 7, Page 6

If an inmate objects, either in writing or through his or her attorney, to a transfer for psychiatric/mental health treatment, the provisions of 18 U.S.C. § 4245 may apply. Staff will suspend transfer action in such cases and refer the matter to their Regional Counsel for review. The Regional Counsel will notify the institution when the transfer action can be re-instituted.

a. **Emergency Transfer** - An emergency transfer is a medical, surgical, or psychiatric situation determined by medical/mental health staff that requires immediate, direct transportation. This includes inmates not medically or psychiatrically capable of transport via routine BOP air/surface transportation, e.g., bus, commercial air, or USMS/Bureau airlift. Direct transportation is defined as air ambulance, air charter, or ground ambulance and, in some instances, an institution vehicle may be utilized.

b. **Routine/Urgent Transfer** - A routine/urgent transfer is initiated for medical, surgical, or psychiatric treatment that is not an emergency, however must be transported directly to a MRC, typically within two to three weeks of designation.

Routine urgent transfers require direct transfer to the MRC because of the acuity of their medical, surgical, or psychiatric condition, or because MRC-based services need to be initiated within an appropriate time frame. Holdover housing at a county jail or Bureau general population institution is not permissible.

c. **Routine Transfer** - A routine transfer is initiated for medical, surgical, or psychiatric treatment that is not an emergency and time en-route is not a major factor. Routine transfers may travel by any available means.

d. **Procedures for Initiating Emergency, Routine/Urgent, and Routine Transfer Requests.** All transfer requests for medical, surgical, or psychiatric designations will be initiated via GroupWise on the Medical/Surgical and Psychiatric Referral Request Form (BP-770) available on SALLYPORT. The HSA, with input from the Clinical Director and other providers involved with the inmate's care (e.g., mid-level providers, psychologists, consultant physicians), is responsible for completing the BP-770. The referring institution Warden must review the BP-770 and authorize the request for transfer.

The BP-770 serves as the redesignation, transportation, and security worksheet from which the actual redesignation is made. It will also serve as the emergency referral request form, documentation of the inmate's condition and the reason for transfer. Accordingly, it is essential that the BP-770 be completed thoroughly and accurately.

P5100.08

Chapter 7, Page 7

The Medical Designator will review each request for redesignation and approve or deny the requested transfer. Based on clinical information and in consultation with the Medical Director, the Medical Designator may change the urgency level of the request.

OMDT will authorize CIM clearance (if appropriate) and enter approved transfers to an appropriate BOP facility in SENTRY on the "Enter Redesignation" screen.

e. **Completion of Treatment** - All requests for redesignation to the parent facility upon completion of Medical/Surgical or Psychiatric treatment, or to another medical facility for continuation of treatment, will be initiated by the facility currently housing the inmate via GroupWise on the Discharge Transfer Summary form. This form serves as the designation, transportation, and security worksheet from which the redesignation is made.

Medical cases are normally returned to their parent facility unless the DSCC approves a change in the parent facility based on clinical justification provided prior to redesignation by the Medical Designator.

7. **TEMPORARY TRANSFERS.** It is sometimes necessary to temporarily transfer an inmate to a contract facility or other Bureau institution. This is normally for security reasons, when the current institution does not have a Special Housing Unit. In such cases, institution staff will forward a request for temporary transfer approval from the Warden to the DSCC. The request will include the rationale for transfer, with assurance that the receiving facility is in agreement with the temporary transfer. Transfer approval must be obtained prior to the transfer during normal working hours, or if after hours, the next work day. A copy of this request will be routed to the appropriate CCM office, if the transfer is to a contract facility.

8. **TRANSFERS FOR TRAINING PURPOSES OR PROGRAM PARTICIPATION.**

An inmate is ordinarily only transferred for specialized national programs not offered at the parent facility to include:

- (a) Residential Drug Treatment Program;
- (b) Life Connections Program;
- (c) Special Management Unit; and
- (d) Sex Offender Programs.

When placement for program participation is inconsistent with the assigned security level, the appropriate Management Variable must be applied by the DSCC. Ordinarily, the inmate will be returned

P5100.08

9/12/2006

Chapter 7, Page 8

to the referring institution upon completion of the specialized training or program if the inmate has 18 months or more remaining until the inmate's release date at the time of the transfer. Further, if the program facility is nearer to the inmate's release residence, than is the referring institution, the inmate may remain at the program facility.

9. **INSTITUTION HEARING PROGRAM TRANSFERS.** The Institution Hearing Program (IHP) is a coordinated effort by the Bureau, ICE, and the EOIR to provide deportation or exclusion proceedings to sentenced aliens as expeditiously as possible after the date of conviction. Eligibility, designation, classification, and transfer procedures are specifically outlined in Bureau directives. IHP sites have been established for male and female non-U.S. citizens who are serving federal sentences to ensure a deportation or exclusion hearing is conducted early in their sentence instead of at the end of their sentence.

10. **TRANSFERS TO SATELLITE CAMPS.** The Warden of an institution with a satellite camp may transfer an inmate from the main institution to the camp if the inmate is assigned an appropriate security and/or custody level. The Camp Administrator of a satellite camp adjacent to a Low or Medium security level institution may temporarily transfer the inmate to the main institution for disciplinary purposes (i.e., disciplinary segregation). If a need for an immediate redesignation arises, the inmate may be placed as a holdover in Administrative Detention at the main institution while approval is sought from the DSCC for redesignation to that institution or another institution.

An inmate may travel via "unescorted transfer" from a low or minimum security level institution to a minimum security level institution if the inmate is a minimum security level inmate and has OUT or COMMUNITY custody. The inmate's family (on the approved visiting list) may provide transportation to the receiving institution only if the inmate is transferring from a minimum security level institution to another minimum security level institution, and if approved by the Warden. The inmate's family is expected to bear all transportation costs. The inmate must go directly from the sending institution to the receiving institution.

The Warden may authorize clearance for the transfer of a CIM Case, with the exception of WITSEC cases, to the satellite camp of the parent facility provided established regulations for regular transfer authority have been met. (Refer to the CIM Manual for more specific details).

Chapter 7, Page 9

11. **PRE-RELEASE TRANSFERS.** Inmates in federal and contract institutions may be transferred to CCCs in accordance with the Program Statement Community Corrections Center (CCC) Utilization and Transfer Procedure. Inmates who have been approved for CCC referral and are otherwise appropriate for camp placement are to be transferred to a camp for intermediate placement if at all practicable. Inmates should be encouraged to complete all or most of the Institution Release Preparation Program at the parent institution prior to transfer.

The parent institution is to complete the CCC referral packet and the camp should be closer to the inmate's release residence. This process should be completed to allow the inmate a minimum of a 60-day placement at the camp prior to the reporting date at the CCC. CCC referrals may be made 12 to 18 months in advance of an anticipated reporting date with the concurrence of local CCM offices. A notation that the CCC referral was made with a specific projected placement date should be included in the request for institution transfer, and the transfer request should be prepared at the same time as the CCC referral.

12. **TRANSFERS FROM CCC'S.** When an inmate fails to meet the conditions of CCC placement, the CCM should designate the inmate to the parent institution with consideration given to the following criteria for designation:

- (a) local manday detention rates;
- (b) availability of Bureau Detention Centers;
- (c) budgetary constraints;
- (d) projected release date; and,
- (e) distance to parent facility.

When returning the inmate to the parent institution is not cost effective, the Community Corrections Office will refer the case to the DSCC for designation. DSCC staff, will make the designation, and should consider the closest institution commensurate with the inmate's security needs. When the DSCC designates the inmate to a facility, DSCC staff will notify the parent institution to facilitate the forwarding of the central file.

13. **LONG-TERM DETAINEES.** The authority for the redesignation of long-term detainees rests with the Detention Services Branch, Correctional Programs Division, Central Office. Refer to the current Program Statement Mariel Cuban Detainees for transfer procedures. Transfers for medical or mental health treatment however, shall be referred to the Central Office Medical Designator. Mariel Cubans who are sentenced, and therefore not detainees, are handled in a routine fashion by DSCC staff.

14. IN-TRANSIT DATA FORM

a. Upon notice that an inmate is being transferred or temporarily released to an authorized law enforcement officer (e.g., U.S. Marshal, state law enforcement officer, or Bureau bus officer), the Unit Manager will ensure the following:

- The top portion of the SENTRY automated In-Transit Data Form is accurate and the bottom portion is completed;
- CIM, YCA, DCYRA and any other important information is included in the space for "Non-Routine Security Needs;"
- CIM separation information is accurate, up-to-date and the SENTRY generated "CIM Clearance and Separatee Data" is attached to the In-Transit Data Form; and,
- The In-Transit Data Form is signed, dated, and forwarded to ISM staff who will attach a current inmate photograph and provide the form to the transporting officer.

NOTE: The most recent In-Transit Data Form is maintained in the Inmate Central File. The "CIM Clearance and Separatee Data" display will not be filed with the In-Transit Data Form.

b. Upon receipt of the In-Transit Data Form, ISM staff will ensure the following:

- The information indicated on the top portion of the form is correct. SENTRY update functions should be executed in the event that the data is not accurate;
- The Sentencing Remarks should include the offenses and the length of sentence as noted on the Judgment. If this information is not accurate, the load data should be updated;
- The Detainer Remarks should indicate all active detainers and the charge or offense. If the detainer has been litigated, information regarding the sentence imposed or time remaining to serve should be listed. If this information is not current, the commitment should be updated; and,
- Initials are placed below the detainer remarks indicating that the information has been confirmed and is accurate and up-to-date.

Chapter 7, Page 11

15. **TRANSFER CODES.** The reason for transfer, as shown by one of the codes listed at the end of this chapter, must be provided in the top portion of the Transfer Order. If there is more than one reason for transfer, the most pertinent code should be used. Note that all Unescorted Transfers are Discharge Code - FURL TRANS for Furlough Transfer.

16. **SPECIAL REQUIREMENTS**

a. An inmate having a detainer or pending charge may be transferred to any institution for which he or she properly classifies; however, generally when there is a formally filed detainer, the inmate is not to be transferred to an institution more distant from the detaining authority unless there is substantial reason to believe the detainer will be dropped or the pending charge will not be prosecuted.

An inmate who indicates an intention to oppose extradition is not to be transferred within the last 30 calendar days prior to release to an institution in the state that placed the detainer. Such cases, and others in which there are legal or jurisdictional problems, are to be referred to the Regional Correctional Programs Administrator (See Program Statement Inmate Systems Management Manual).

b. When there is reason to transfer an inmate to a non-federal institution for concurrent service of federal and state sentences, the Warden will refer the case to the DSCC Administrator. Refer to the Program Statement, Transfer of a Prisoner to State Custody Prior to Release from the Federal Sentence, for procedures.

17. **RELATIONSHIPS WITH OTHER AGENCIES**

a. **U.S. Parole Commission.** Parolable inmates must be housed at a parolable institution in accordance with their parole hearing requirements unless a hearing is no longer required.

b. **Administrative Office of the U.S. Courts.** The court of conviction may recommend to the Attorney General or the Bureau that the defendant be retained at, or transferred to, a place of confinement near the place of trial or the court of appeals, for a period reasonably necessary to permit the defendant to assist in the preparation of his or her appeal. Upon receiving this recommendation, the Bureau will make every effort to place the inmate in such a facility. If a reason exists for not placing the inmate in that facility, the court must be notified of the situation and an attempt will be made to arrive at an acceptable place of confinement.

P5100.08

9/12/2006

Chapter 7, Page 12

Ordinarily, complicated jurisdictional or legal problems should be resolved before transfer. Ordinarily, the sending Case Management Coordinator will determine if an inmate has legal action pending in the district in which confined. If so, the individual should not be transferred without prior consultation with the appropriate U.S. Attorney or Regional Counsel, or both. Under Rule 23(a) of the Federal Rules of Appellate Procedures, an inmate may not be transferred, pending review of a Habeas Corpus proceeding commenced before a court, without the approval of the court. Approval for transfer should be sought through the U.S. Attorney or Regional Counsel in cases where a Habeas Corpus petition is pending.

c. Non-Federal Authorities. The decision to accept a state prisoner in the Bureau is the responsibility of the DSCC Administrator. When notifying the state authority of acceptance, the state's contract code will be identified.

The Office of Procurement, Central Office is responsible for negotiating contracts for housing state prisoners. If it is necessary to transfer a federal inmate to a local jail, the sending institution must immediately notify the U.S. Marshals and the CCM, preferably prior to the transfer.

d. Military Inmates. The DSCC will accept a military or Coast Guard inmate recommended for transfer to federal custody if, after examination of all available information, the Bureau can provide appropriate resources for the inmate's needs. The DSCC will be responsible for the designation and redesignation of all military and Coast Guard inmates accepted for service of their sentence in Bureau custody.

In some cases, special agreements or Memoranda of Understanding (MOU) have been established with various military branches. These MOUs give direction to Bureau staff regarding which Bureau regulations and policies apply to the military inmates. Pursuant to 10 U.S.C. § 858, staff should be aware that military or Coast Guard inmates confined in Bureau institutions are subject to the same discipline and treatment as other inmates in those institutions.

Additionally, the Bureau will accept the sentence computation provided by the military or Coast Guard authorities with the exception that the Bureau will release such inmates, if not paroled, under the provisions of 18 U.S.C. § 4164 provided they have accrued good time deductions in excess of 180 days. DSCC staff will refer to the appropriate military or Coast Guard authorities for resolution of suspected sentence computation errors or discrepancies, or challenges to the sentence computation by the inmate or his or her representative, or both.

P5100.08
9/12/2006
Chapter 7, Page 13

Once a military inmate comes into Bureau custody, all notifications and requirements apply as if he or she were a Bureau inmate, i.e., VWP notification, VCCLEA notification, Sex Offender Notification, and IFRP requirements. Notification to the military is also required at least 30 days prior to the inmate's release.

18. **STATE PLACEMENT.** Inmates who have exhausted available resources within the Bureau, should be referred for placement in an appropriate non-federal facility under contract with the Bureau. Preparation of a transfer referral to merely "exhaust" all BOP resources is not required when the inmate is clearly not appropriate for any facility within the Bureau.

a. **Placement Procedures.** The Warden will prepare a memorandum to the DSCC Administrator outlining the reasons for state placement of a federal inmate. This memorandum will be forwarded along with supporting documentation and classification material that will, at a minimum, include the following:

- (1) Presentence Investigation Report;
- (2) Two copies of the Judgment;
- (3) Relevant SENTRY data;
- (4) Current Progress Report; and,
- (5) Any Disciplinary or SIS Reports.

If the DSCC Administrator approves an inmate for state placement, DSCC staff will select a state correctional system for referral. The system selected will be based on the type of facilities within the system; available bed space; court status (state systems that are under injunction because of overcrowding or violations of inmates' civil rights will not be used), and the state's willingness to accept federal boarders. Once a suitable state correctional system has been identified, DSCC staff will forward the transfer packet to the appropriate Community Corrections Regional Administrator, overseeing the state in which the DSCC Administrator has identified for possible placement. DSCC staff may make up to two referrals per inmate at a time, and continue this process until an appropriate placement is secured. The CCRA will work through the local CCM office which will refer the case for state placement. The CCM office will advise the CCRA of the response from the state authority/Department of Corrections. If approved for placement, the CCRA will initiate SENTRY redesignation procedures, and forward the inmate file to the CCM office. If not approved for placement the CCRA will

P5100.08
9/12/2006
Chapter 7, Page 14

advise the DSCC Administrator, who will continue to secure a suitable state placement.

The CCM office with state monitoring authority in which the inmate is eventually housed assumes full responsibility for the inmate, including biennial reviews and subsequent transfer authority. State placement materials containing, at a minimum, a Progress Report, Presentence Investigation Report, and all memoranda pertaining to the state placement, will be forwarded to and maintained by the CCM office after the inmate has been approved for placement.

If an inmate is approved for permanent return to the Bureau, the place of confinement will be determined by the DSCC. If an inmate is returned to the Bureau for medical treatment, the inmate will be returned to the state when the medical treatment is completed. Occasionally, returning the inmate to the originating state may not be appropriate. In such cases, the DSCC will obtain a new place of incarceration for the inmate, after consultation with the Office of Medical Designation and Transportation.

b. **Post-Placement Monitoring.** After a federal inmate has been placed in a state contract facility, the appropriate CCM will review the case every two years beginning from the date of the inmate's arrival to determine whether the inmate is still appropriate for state placement. The CCM's cover memorandum containing a recommendation and a Progress Report provided by the state contract facility will be forwarded to DSCC staff who will make a determination for continued state placement or return to Bureau custody.

If the inmate requires continued placement in that state facility, DSCC staff will enter a notation on the SENTRY "CIM Clearance and Separatee Data" screen indicating such. However, if state placement is no longer necessary, the inmate will be redesignated to Bureau custody by the DSCC.

Inmates serving a sentence of Death will also be reviewed for continued state placement. Information received from Community Corrections staff during the review of the contract may be used to make a determination for continued state placement.

The DSCC is responsible for monitoring and tracking state placement requests received from BOP institutions. The CCRA will prepare a quarterly report (statistical/narrative) which will be forwarded to the DSCC Administrator.

P5100.08
9/12/2006
Chapter 7, Page 15

19. **SECONDARY DESIGNATION.** Upon initial designation, an inmate may be designated specifically for a parole hearing or program participation, and as a result, may require a secondary designation upon completion of the activity. If upon completion of the activity, staff determine that the secondary designation is no longer appropriate, the DSCC will be notified for reconsideration. Otherwise, when the conditions of the initial designation are met, institution staff will prepare a Transfer Order for signature of the sending institution Warden and arrangements will be made for movement of the inmate through routine procedures.

A secondary designation will not normally be made for cases designated for medical or psychiatric treatment. The medical center or reviewing institution will notify the Medical Designator upon completion of evaluation or treatment. Approval will be given for a secondary designation at that time. This approval will be based on medical requirements of the inmate and resources of the secondary designation.

20. **POPULATION MANAGEMENT.** The Assistant Director, Correctional Programs Division periodically reviews each institution's Rated and Designation Capacities. Occasionally, it is necessary to impose a moratorium or population cap on a particular institution to avoid or reduce overcrowding. The Assistant Director, Correctional Programs Division, with the approval of the Population Management Subcommittee of the Executive Staff, may impose a moratorium on other facilities including the Medical Referral Center general population units. The Assistant Director, Health Services Division, with the approval of the Population Management Subcommittee of the Executive Staff, may authorize a moratorium or population cap for Medical Referral Centers (excluding general population).

a. Referral Procedures

(1) The Warden of the institution recommends to the Regional Director that a moratorium or population cap be established.

(2) The Regional Director reviews the request, and if in agreement, contacts the Assistant Director, Correctional Programs Division, or the Assistant Director, Health Services Division, and either requests a population cap or total moratorium.

A population cap places a ceiling on the number of inmates that can be designated to a facility. A total moratorium is defined as a complete cessation of all initial designations and redesignations to an institution or DFCL assignment.

P5100.08

9/12/2006

Chapter 7, Page 16

In extreme circumstances, the Assistant Director, Correctional Programs or Health Services Division with concurrence of the Subcommittee may direct that inmates en route to a facility be redesignated. When a moratorium or population cap is imposed, a termination date will be established. The cap or moratorium will be terminated on that date unless the Regional Director contacts the appropriate Assistant Director, Correctional Programs or Health Services Division, and obtains an extension.

(3) The appropriate Assistant Director will issue a GroupWise e-mail notifying the DSCC Administrator and Chief Executive Officers of the cap or moratorium.

21. INSTITUTIONS WITH SPECIAL MISSIONS

a. **FCI Oakdale.** The Bureau, ICE, and the Executive Office for Immigration Review (EOIR) work closely together to meet the requirements of the Immigration Reform and Control Act of 1986, by ensuring the expeditious review of criminal aliens for deportation. Beds are available for federally sentenced aliens, who are subject to administrative proceedings under the Immigration and Naturalization Act. Such inmates are transferred to FCI Oakdale for disposition of their ICE detainer prior to completion of their federal sentence.

Mexican and Cuban nationals are not eligible for the Oakdale Criminal Alien Program. The following procedures apply for the actual selection and designation of inmates to the Oakdale Criminal Alien Program.

(1) The ICE Officer in Charge at FCI Oakdale will monitor the inmate male population via SENTRY to identify criminal aliens appropriate for the program at FCI Oakdale. After they have been identified, ICE staff will place a detainer on these individuals through the DSCC. Each week DSCC staff will compile a list of the criminal aliens who are to be released within the next year. A courtesy list will be submitted, via GroupWise, to FCI Oakdale for monitoring purposes.

(2) ICE staff at FCI Oakdale will forward to DSCC staff information on alien inmates via GroupWise to assist in the movement of inmates to FCI Oakdale at a later date. The movement of inmates to FCI Oakdale will be authorized and coordinated by the DSCC. DSCC staff will ensure CIM clearance is obtained and the Custody Classification form reflects appropriate use of any Management Variable.

(3) Inmates will be redesignated no later than seven months from a firm projected release date. Once approved for transfer,

P5100.08

9/12/2006

Chapter 7, Page 17

institution and transportation staff will immediately schedule the inmate for movement to FCI Oakdale. Institution staff will notify the Oakdale CMC if the inmate is not en route within 15 working days of the transfer approval. The central file should contain a current Progress Report and all pertinent case management activities should be completed prior to transfer including fines and the ordering of parole certificates, when applicable, or preparation of other release documents as required.

(4) ISM staff will ensure any other detainers lodged against those inmates approved for transfer are resolved and the detaining authority notified before the inmate is transferred to FCI Oakdale.

(5) Because of unforeseen circumstances, some criminal aliens may be inappropriate for transfer to FCI Oakdale. ICE staff at FCI Oakdale will notify DSCC staff when this occurs and will advise of any additional action necessary to coordinate the resolution of the inmate's citizenship/release status. Conversely, institution staff are to contact DSCC staff if they believe a transfer should not occur. If the transfer is deemed inappropriate, DSCC staff will delete the Oakdale "DST" transfer approval.

(6) The Detention Services Branch, Correctional Programs Division, Central Office will assist with coordination of the Oakdale Criminal Alien Program and will act as the primary liaison with ICE and EOIR Headquarters on matters of mutual interest affecting the program's development and/or modification. Any questions regarding these matters should be directed to that office.

b. USP Marion/ADX Florence. USP Marion/ADX Florence general population units are designed for male inmates who have demonstrated an inability to function in a less restrictive environment without being a threat to others, or to the secure and orderly operation of the institution.

(1) **Referral Procedures and Criteria.** Prior to referring an inmate to USP Marion or ADX Florence, redesignation to another high security institution should be considered first. If transfer to another institution is not appropriate, Wardens will refer the proposed USP Marion or ADX Florence case to North Central Regional Director. The North Central Region will designate the inmate as appropriate.

Assignment to USP Marion or ADX Florence will ordinarily be made without regard for such factors as release destination or

P5100.08

9/12/2006

Chapter 7, Page 18

program needs, such as education and vocational training. Prior to transfer to USP Marion or ADX Florence, staff at the sending institution will ensure that the inmate is assigned Maximum custody. While in transit to USP Marion or ADX Florence, inmates will be housed and provided visiting, correspondence, and telephone privileges as if confined at USP Marion or ADX Florence.

Inmates currently diagnosed as suffering from serious psychiatric illnesses should not be referred for placement at either USP Marion or ADX Florence.

(2) **Referral Packet for USP Marion or ADX Florence.** The referral packet for either USP Marion or ADX Florence general population will include the following items:

(a) A memorandum from the Warden to the North Central Regional Director with the specific rationale supporting the institution's recommendation;

(b) Copies of all disciplinary reports, investigative materials or other official documentation related to the behavior prompting the referral;

(c) A current Progress Report;

(d) A copy of the inmate's latest Presentence Investigation Report; and,

(e) A recent psychiatric or mental health evaluation.

Inmates with severe or chronic behavior patterns that cannot be addressed in any other Bureau institution should be referred to ADX Florence general population, and those who are somewhat less problematic should be referred to USP Marion. In describing the reasons underlying the referral, the Warden should explain why he or she has selected USP Marion or ADX Florence, respectively.

(3) **Acceptance or Rejection of Referrals.** The North Central Regional Director has final review authority for referrals to the USP Marion and ADX Florence general population units. In some cases, the Regional Director may approve placement at USP Marion when a referral has been submitted for ADX Florence and vice versa.

A response to a recommendation for USP Marion or ADX Florence placement will ordinarily be made by the North Central Regional Director within 60 calendar days after receiving the

P5100.08

9/12/2006

Chapter 7, Page 19

referral packet from the referring institution. Approval or denial will be noted in SENTRY on the inmate's "CIM Clearance and Separatee Data" screen, with a brief memorandum from the North Central Regional Director to the requesting Warden to follow.

(4) **Transfer from USP Marion or ADX Florence.** Once an inmate successfully completes the USP Marion or ADX Florence program, the Warden will submit a transfer request to the North Central Regional Director. Upon the North Central Regional Director's approval the request will be forwarded to the DSCC for determination of an appropriate facility. Inmates will ordinarily be transferred from USP Marion or ADX Florence using Code 308 - Lesser Security. Ordinarily, inmates completing the ADX Florence program will be transferred to a High Security facility, other than USP Marion.

(5) **USP Marion Failures.** Inmates who continue to exhibit disruptive misconduct at USP Marion may be considered for referral to ADX Florence general population or the Control Unit.

c. FMC Carswell Administrative Unit

(1) **Initial Designations.** Initial designations may only occur in extraordinary situations by DSCC staff.

(2) **Redesignation Criteria.** The FMC Carswell Administrative Unit is designed to house females exhibiting any of the following:

- A history of escape or attempted escape from a secure institution;
- Demonstrated repeated incidents of assaultive or predatory behavior;
- Demonstrated chronic behavior problems; and/or
- Special management concerns.

(3) **Referral** for transfer to the FMC Carswell Administrative Unit will be submitted via the Request for Transfer/Application of Management Variable (409) to the DSCC Administrator.

(4) **Acceptance or Rejection of Referrals.** The DSCC Administrator has final review authority for referrals to FMC Carswell Administrative Unit.

DEFINITION OF ROLES INVOLVED IN DRUG OFFENSES

To determine whether an individual involved with a drug offense rose to the level of an organizer or leader, read the "Offense Conduct" section of the Presentence Investigation Report, and any other available information (i.e., Statement of Reasons, U.S. Attorney Report, etc.) to determine what the individual's role was in the criminal activity. The role definitions below are grouped into two categories: Those that rise to the level of organizer/leader; and, those that do not.

ORGANIZER/LEADER

Importer/High-Level Supplier: imports or otherwise supplies large quantities of drugs; is at or near the top of the distribution chain; has ownership interest in drugs (not merely transporting drugs for another individual); usually supplies drugs to other drug distributors and does not deal in retail amounts; may employ no or very few subordinates.

Organizer/Leader: organizes, leads, directs, or otherwise runs a drug distribution organization. Receives the largest share of the profits and has the greatest decision-making authority.

Grower/Manufacturer: grows, cultivates, or manufactures a controlled substance, and is the principal owner of the drugs. (Keep in mind, the intent of this definition is to capture the individual who has the capability to manufacture enormous amounts of drugs in his garage/lab for example, and not the individual who is growing only five marijuana plants in his basement.)

Financier/Money Launderer: provides money for purchase, importation, manufacture, cultivation, transportation, or distribution of drugs; launders proceeds of drug sales or purchases.

Aircraft Pilot/Vessel Captain: pilots vessel or aircraft; requires special skill; does not include inmate who is the only participant directing a small boat (i.e., a speed boat) onto which drugs had been loaded from a "mother ship" (such person is a courier).

P5100.08
9/12/2006
Appendix A, Page 6

NOT A DRUG ORGANIZER/LEADER

Manager: serves as a lieutenant to assist one of the above; manages all or a significant portion of the manufacturing, importation, or distribution operation; takes instructions from one of the above and conveys to subordinates; directly supervises at least one other co-participant in an organization of at least five co-participants.

Bodyguard/Strongman/Debt Collector: provides physical and personal security for another co-participant in the offense; collects debts owed, or punishes recalcitrant persons.

Chemists/Cooks/Chemical Supplier: produces LSD, methamphetamine, crack cocaine, or other illegal drugs, but does not qualify as a Grower/Manufacturer because he/she is not the principal owner of the drugs. Chemical supplier does not handle drugs themselves but engages in the unlawful diversion, sale, or furnishing of listed chemicals or equipment used in the synthesis or manufacturing of controlled substances.

Supervisor: supervises at least one other co-participant, however, has limited authority and does not qualify as a Manager.

Street-Level Dealer: distributes retail quantities directly to the user.

Broker/Steerer/Go-Between: arranges for two parties to buy/sell drugs, or directs potential buyer to a potential seller.

Courier: transports or carries drugs with the assistance of a vehicle or other equipment. Includes situations where individual, who is otherwise considered to be a crew member, is the only participant directing a vessel (e.g., a speed boat) onto which drugs had been loaded from a "mother ship".

Mule: transports or carries drugs internally or on their person, often by airplane, or by walking across a border. Also includes an individual who only transports or carries drugs in baggage, souvenirs, clothing, or otherwise.

Renter/Storer: provides (for profit/compensation) own residence, structures (barns, storage bins, buildings), land, or equipment for use to further the offense. This inmate is distinguished from the enabler because he/she is paid (in some way) for his/her services.

P5100.08

9/12/2006

Appendix A, Page 7

Money runner: transports/carries money and/or drugs to and from the street-level dealer.

Off-loader/Loader: performs the physical labor required to put large quantities of drugs into storage, hiding, or onto some mode of transportation.

Gopher/Lookout/Deckhand/Worker/Employee: performs very limited, low-level function in the offense (whether or not ongoing); includes running errands, answering the telephone, receiving packages, packaging the drugs, manual labor, acting as lookout to provide early warnings during meetings, exchanges, or off-loading, or acting as deckhand/crew member on vessel or aircraft used to transport large quantities of drugs.

Enabler (Passive): plays no more than a passive role in the offense, knowingly permitting a certain unlawful criminal activity to take place without actually being involved with the activity; may be coerced or unduly influenced to play such a function (e.g., a parent or grandparent threatened with displacement from a home unless they permit the activity to take place), or may do so as "a favor" (without compensation).

User Only: possessed small amount of drugs apparently for personal use only; no apparent function in any conspiratorial criminal activity.

Wholesaler: sells more than retail/user-level quantities (greater than one ounce) in a single transaction.

SPECIAL INSTRUCTIONS

In the case of an offense involving marijuana plants, one plant equals 100 grams (or the actual weight of the useable marijuana, whichever is greater).

If the offense includes several types of drugs, compute the marijuana equivalent and total the sum to arrive at a grand total. For example, if the inmate has marijuana, cocaine, and heroin, compute the cocaine and heroin to an equivalent amount of marijuana and hold the inmate accountable for the sum total of the equivalent amount of marijuana.

Offenses not listed will be assigned a severity category according to the most comparable listed offense.

Score any attempt, aiding and abetting, conspiracy, misprision of a felony, and accessory after the fact in the same severity category as the underlying offense. Total offense behavior is to be considered, utilizing the most serious offense or act committed. However, in drug conspiracy cases, the individual will be held accountable as documented by the Judge in the Statement of Reasons. If the Statement of Reasons is not attached, the Case Manager will review the Presentence Investigation Report to determine the individual's specific reported behavior, and not hold the individual accountable for the entire drug conspiracy empire.

If committed as a parole, mandatory release, special parole term, or supervised release violator as a result of a new conviction, use that new offense behavior for scoring "Severity of Current Offense."

If committed as a probation violator, use the most severe documented behavior between the original offense that prompted probation and the new criminal conduct (violation behavior) for scoring "Severity of Current Offense."

For this Program Statement's purposes, sentences with a specific finding of "withheld adjudication" will be considered the same as if the Judge made a finding of guilt.

Allan Petersen
Reg. No. 03533-094
Federal Correctional Institution
P.O. Box 1000
Morgantown, WV 26507

Dear Mr. Petersen:

Your correspondence received at the Designation and Sentence Computation Center (DSCC) has been forwarded to me for response. You request a transfer to a Federal Prison Camp in the Southeast Region. You also claim your sentence computation should be adjusted in accordance with Program Statement 5100.08, Security Designation and Custody Classification Manual.

Requests for transfer must originate with an inmate's Unit Team. Therefore, I have taken the liberty of forwarding your correspondence to your parent facility, FCI Morgantown, and suggest you work closely with your Unit Team regarding your request. In regard to your sentence computation, the section of P.S. 5100.08 to which you refer provides direction for estimating the time remaining to serve for designation purposes, and is an approximation of the release date. Specific release dates are calculated in accordance with Program Statement 5880.28, Sentence Computation Manual (CCCA of 1984). If you have any further questions regarding your sentence computation, please address them to institution staff.

I trust this information is responsive to your concerns.

Sincerely,

for Rebecca Tamez
Chief
